► **PIRATE**

**COUNTRY** <

The major part of four years is spent by the students of Wheelersburg High School in "Pirate Country". The effects that the weird, wonderful land has on their lives is the theme for our 1968 Wheel.

Four years seems like forever to freshmen. They know the final, most important part of their education is ahead of them. And here, in Pirate Country, they will develop into mature persons. But the years fly by much too quickly. The fright of the first year passes, and as sophomores and juniors, life is fun but exciting. Just living is enough to occupy their time. But by the time their senior year has begun, fright has again set in. This time not fear of life as a high school student, but fear of adulthood and independence comes too soon. Graduation is not years away now; it comes in only a few months. As the members of the senior class prepare to leave Pirate Country, they remember the hard times, the long tests, the disappointment of a lost goal, and are glad that it's over. But then they think of the friends they made, the ball games and dances, the club meetings, class plays, and proms, and wonder how they can bear to leave.

The first of many days begins.

Between classes friends are met and gossip is exchanged.

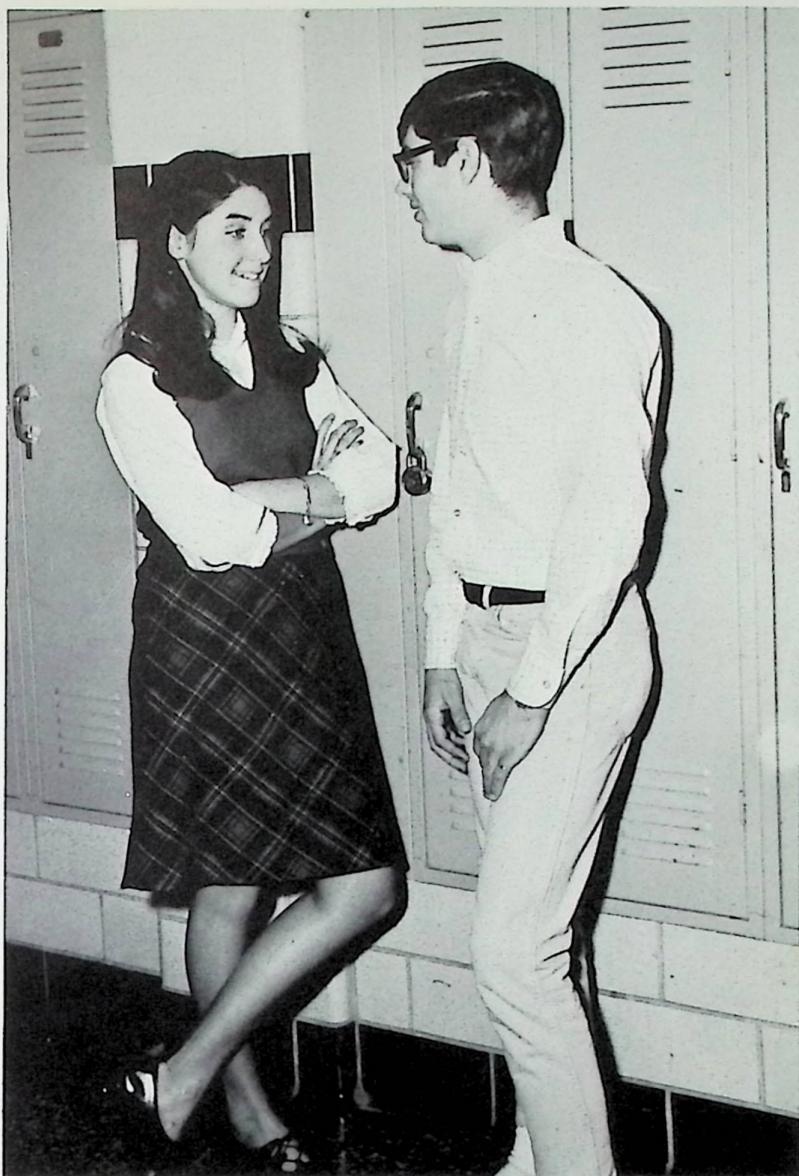

Freshman lockers, never too neat, are always crammed with books and extra materials.

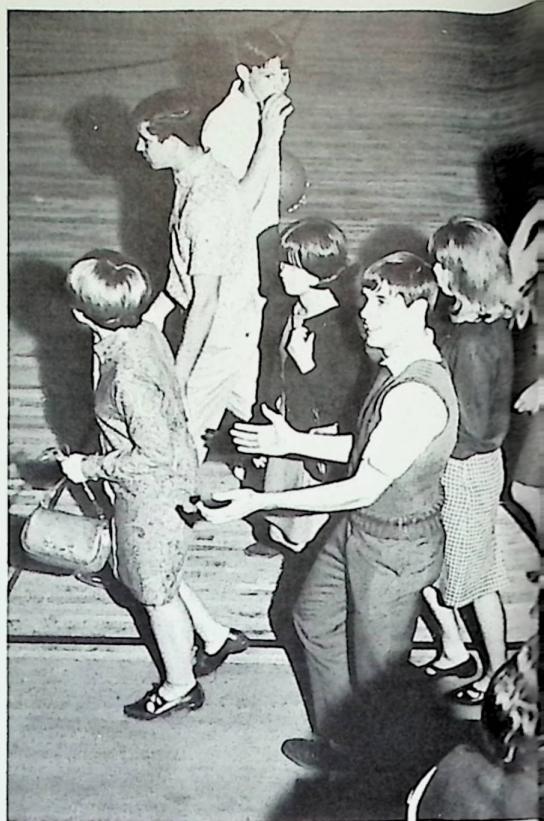

Phys. Ed. helps boys develop into young men.

Sophomores begin to take their classes more seriously.

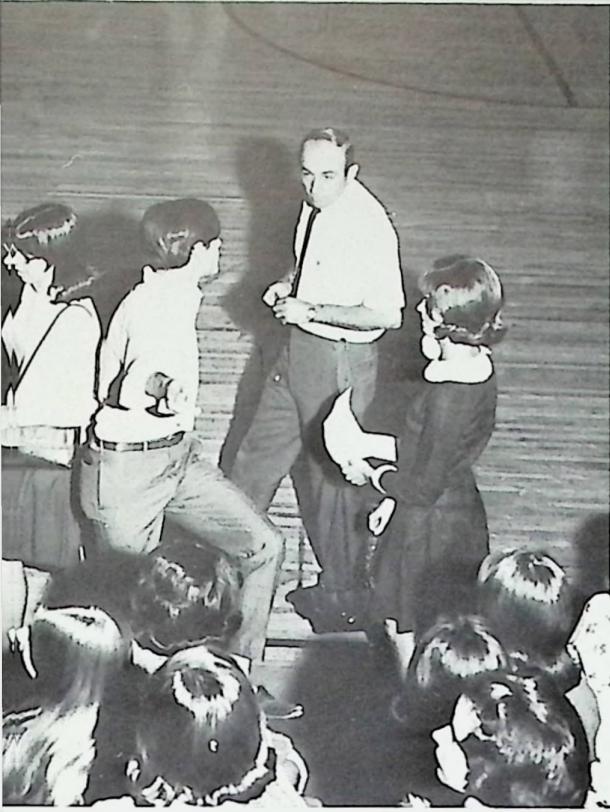

Students find each other a very interesting topic.

A familiar scene: going back

Junior girls enjoyed noontime activities such as basketball.

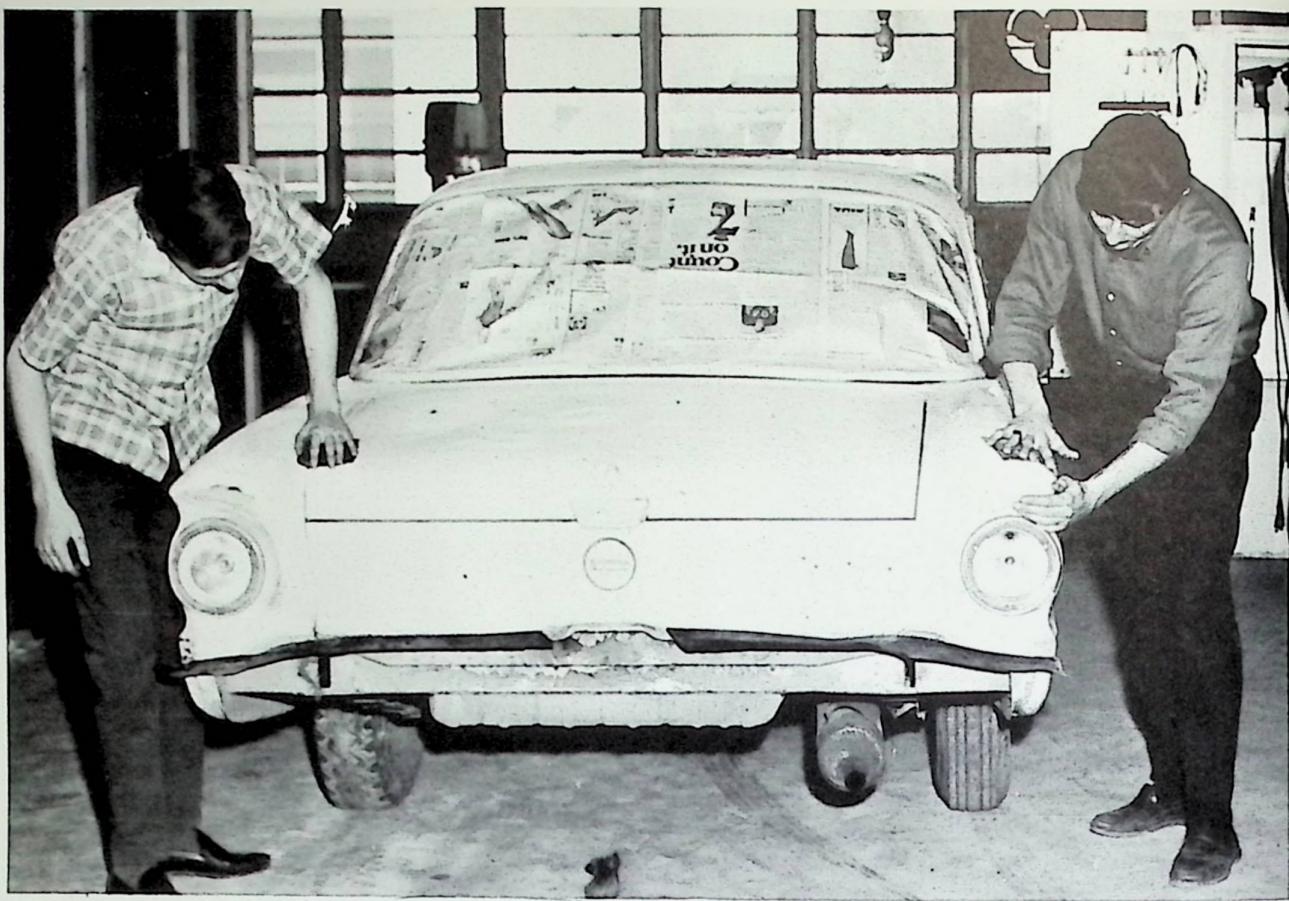

to work after lunch.

The class play was more fun than work.

At lunch, Juniors are a favorite with everyone as they sell ice cream.

Seniors take subjects which will help prepare them for careers and jobs.

But they don't work all the time. Practical jokes on teachers become a specialty.

For the final time, they enter the buses to leave Pirate Country.

*The Class Of 1968  
Steps Into A World Of  
Progress And Advancement*

The seniors of Wheellersburg are standing as a class at this time; soon they will pass through the doors of W.H.S. into the fast-moving world. Each student will go his own way striving to attain his goal in life.

I Pledge Allegiance to the  
Flag of the United States of  
America and to the Republic  
for which it stands, one Nation  
under God, Indivisible, with  
Liberty and Justice for all.

## ACADEMICS

E. R. McCOWEN  
County Superintendent of Schools

Wheelersburg High School owes much to the administration of our system. The members work together to keep the various school functions operating smoothly and efficiently.

As Scioto County Superintendent of Schools, E. R. McCowen is the official head of the school system. Arthur Preston, Superintendent of Wheelersburg Schools, is in charge of school personnel, advises in preparing the budget, and oversees school supplies. In addition to this, he controls government sponsored programs, seeing that certain federal funds are put to proper use.

Student policy and school activities are under the control of Edward R. Hall, principal. He is a helpful advisor to both the faculty and students.

The Board of Education acts on the advice of Mr. Preston in hiring and dismissing personnel. The five members of this group appropriate funds and provide for general maintenance of the building and grounds. This year the board provided for black-topping the teachers' parking lot and also supplied funds to establish a new student parking lot.

## *SCHOOL ADMINISTRATORS WORK*

BOARD OF EDUCATION: Allard Lawson, Clement Day, Ray Kemper, Richard Riddlebarger, William Lewis.

A major project was paving the teachers' parking lot.

ARTHUR PRESTON

## *TO BETTER EDUCATION*

EDWARD HALL

School nurse, Janice Duncan, distributes literature to health students.

Secretary Kathleen Skiver handles essential school duties.

## *Guidance And Service Personnel: Friend*

William Coriell, guidance counselor, advises students in planning their futures.

Students unsure of future plans need only to see Mr. Coriell for help and advice. As guidance counselor, he administers tests to aid him in planning with a student a career or college education. A student's friend and a hard-working secretary, Miss Skiver keeps the clerical work of the office running efficiently.

The lunches prepared by the cooks are always appetizing, as well as nutritious. The janitors help make the school a clean, pleasant place to attend. And of course the bus drivers see that each student has no problem in safely reaching the school.

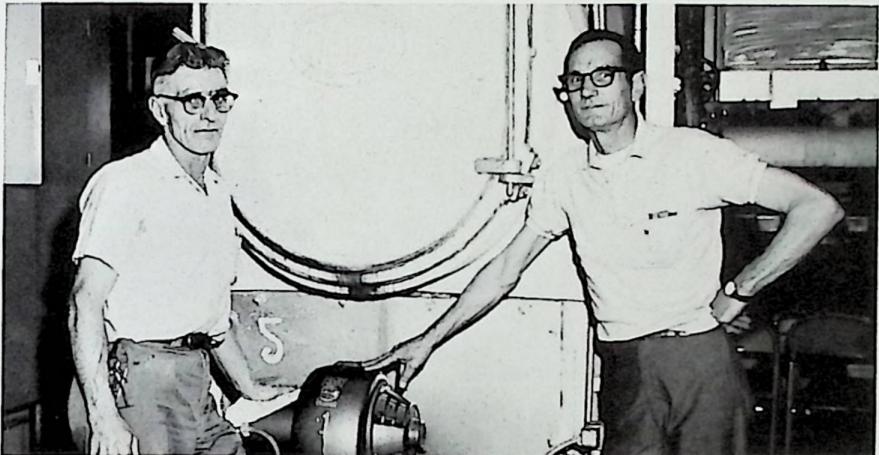

COOKS: Jean Preston.

Bernice Spradlin, Ruth Sutton, Elma Bays

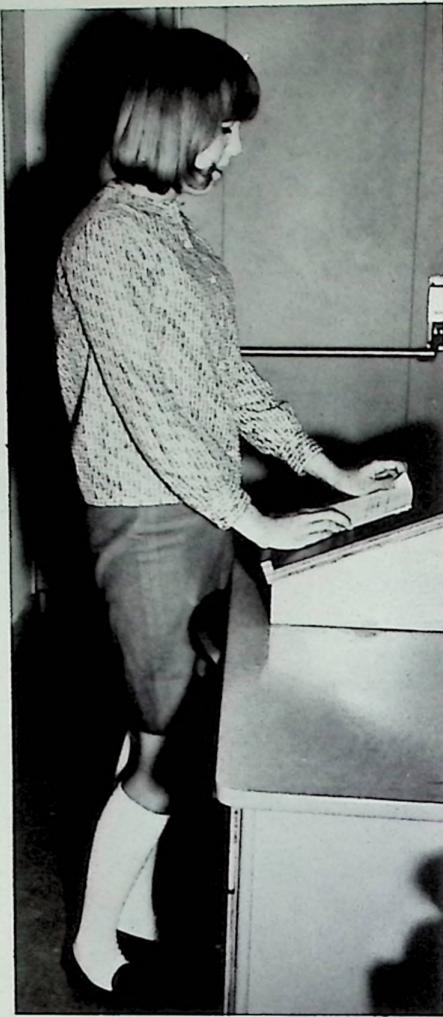

JANITORS: Mr. Hill, Mr. Bussler.

## To Students

BUS DRIVERS: Kathleen Whitt, Hayward Stanley, George Sherman, Bill Linkous, Bob Gerlach, Don Gleim, Elmer Gleim. Not Pictured: Wallace Cox, Leo Schwamberger, Earl Carter.

Better communication is an essential part of English.

KATHRYN BURNETT

RALPH GAMPP

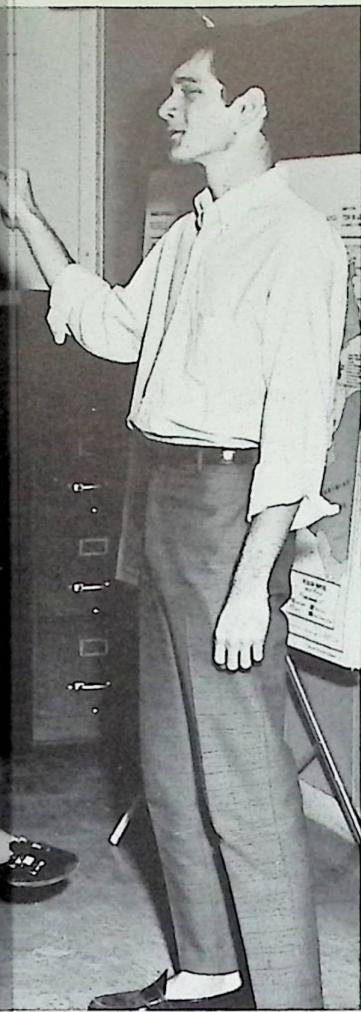

In speech, students ~~gr~~ each other on material.

## *Language Leads To Better*

French students record their pronunciation and listen to correct French.

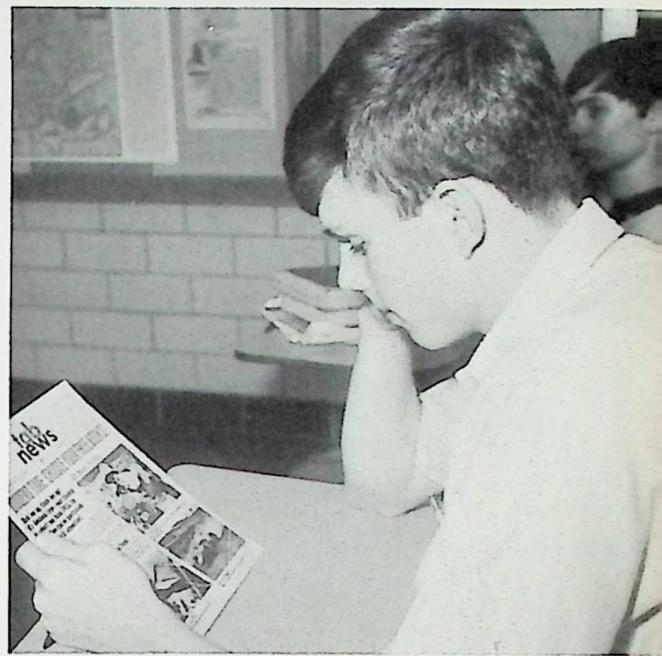

SARAH HARRISON

GERALDINE SCHERER

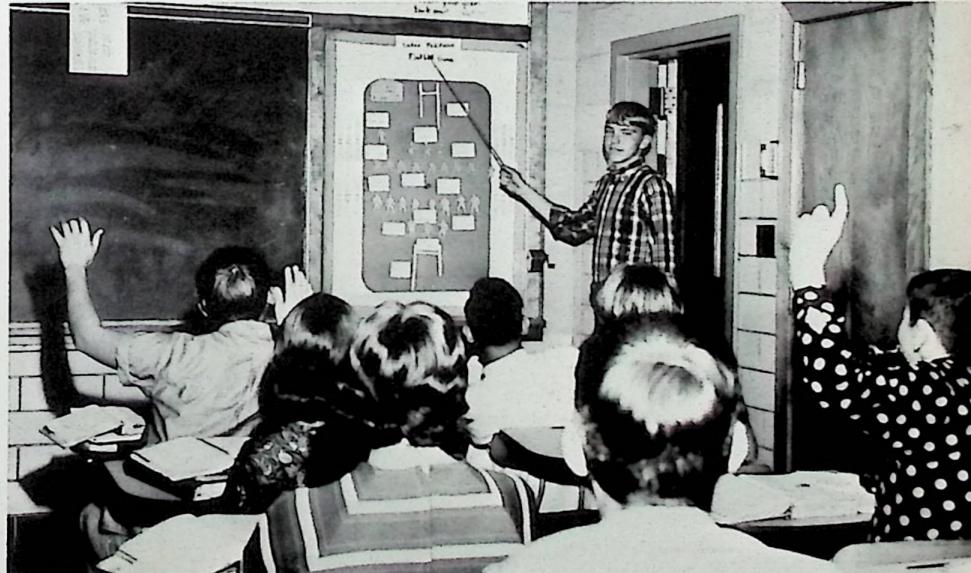

Book clubs provide students with material for reports and entertainment.

## *Understanding*

In these times, language and its proper usage tend to give us a deeper, clearer view of the world. With increasing travel throughout all parts of the globe, the study of foreign languages has almost become a necessity, while reading an ancient tongue such as Latin helps us to realize that those who lived before us had many of the same problems we face today.

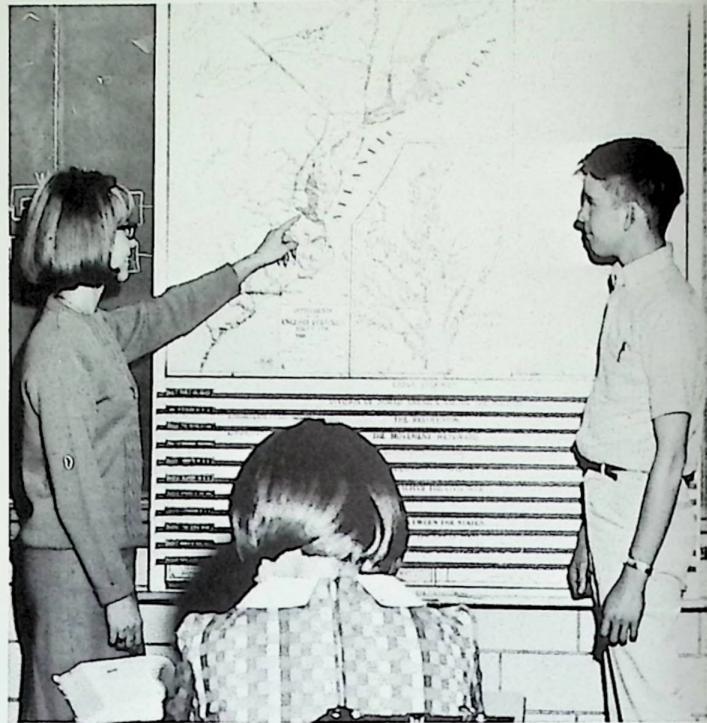

The expression of thought in a meaningful way makes the study of our own language imperative. Through English, correct forms are learned, while speech teaches better verbal communication.

Football terminology, given in Latin, helps modernize an ancient language.

PAUL SCHRADER

In American history students learn where our ancestors first settled and how they progressed across the country.

## *Social Studies Helps Form*

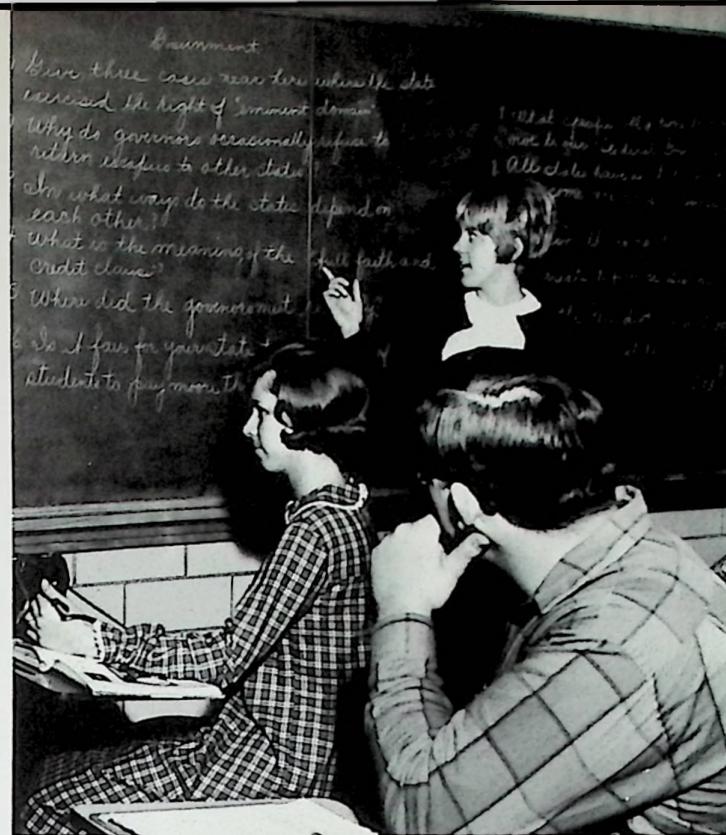

JOHN KEISER

In world history students learn about the people of other countries and their way of life many years ago.

Social studies includes world history, world geography, American history, and government. These subjects are taken by sophomores, juniors, and seniors respectively.

The students learn how their country is being operated in comparison with the governments of other countries. They learn the mistakes and accomplishments of the past which help them in making decisions today.

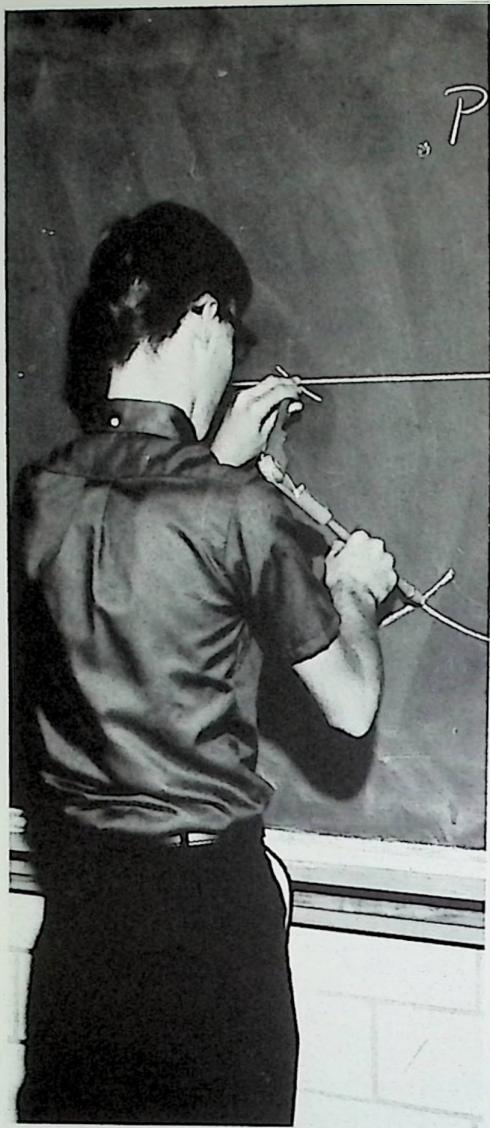

The students study questions that will help them understand our government.

## *Better Outlook Of The World*

The seniors set up a mock election to learn the procedure in voting.

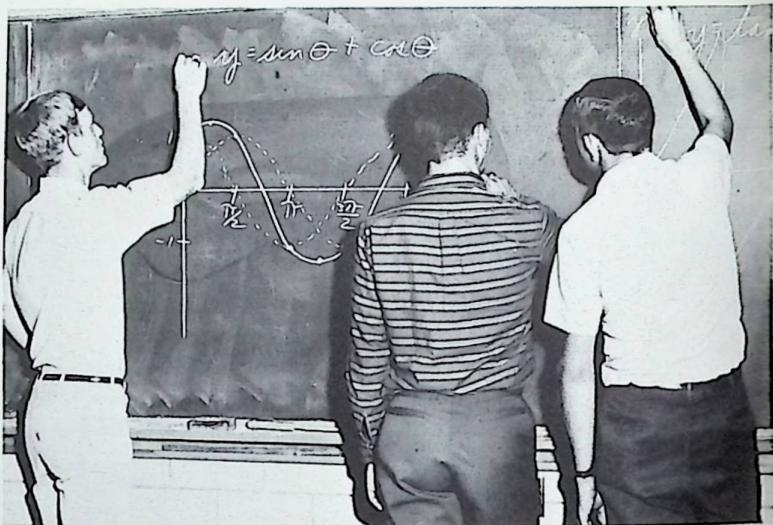

The construction of geometric figures gives a better understanding of geometry.

FRANK MILLER

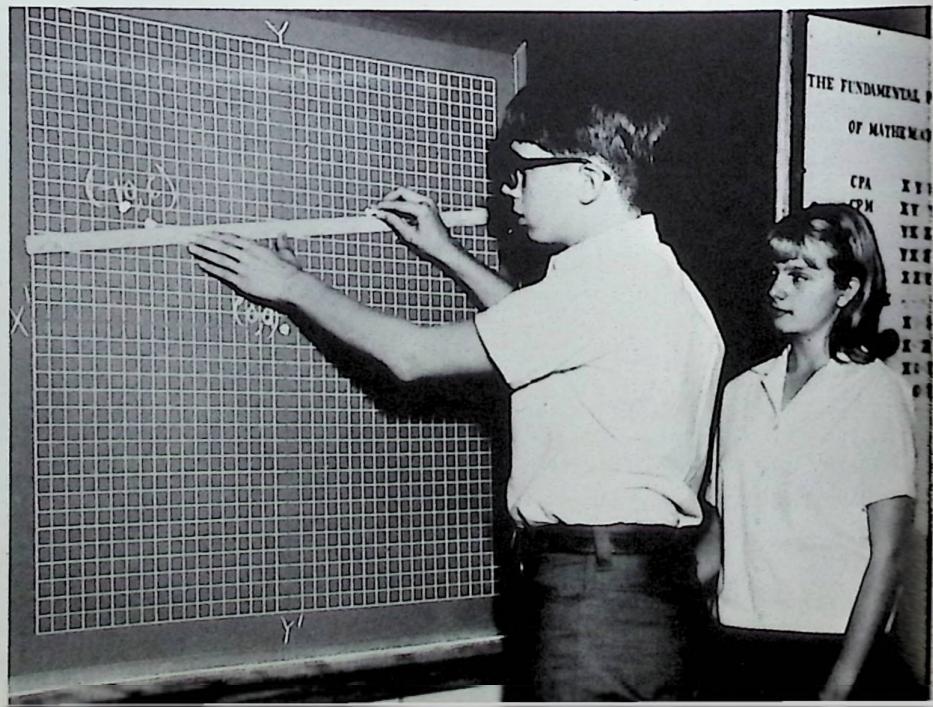

DOUGLAS RUTH

New symbols and a new language confront seniors in trigonometry.

Algebra students apply graphs in solving equations.

JOHN BIHL

The concepts of Physics help students to better understand the world around them.

## *Theories Of Math And Science Are Applied To The Future*

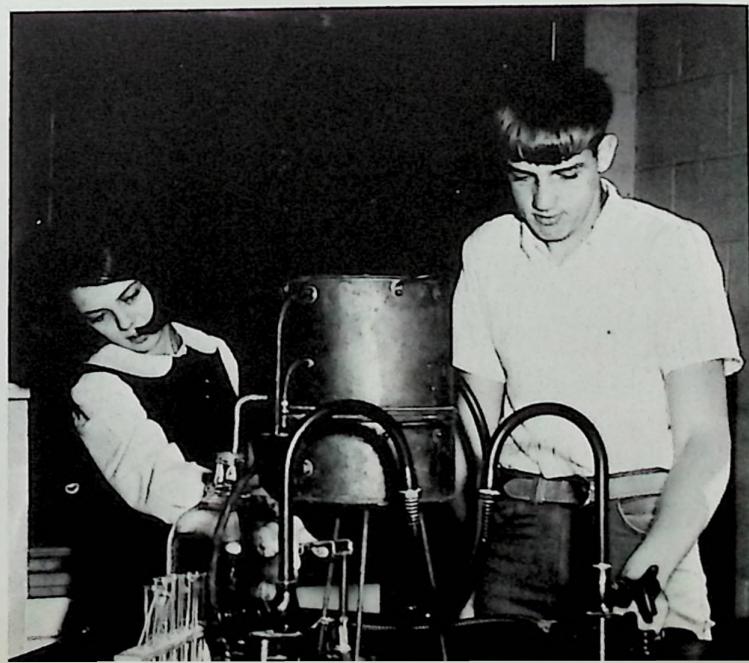

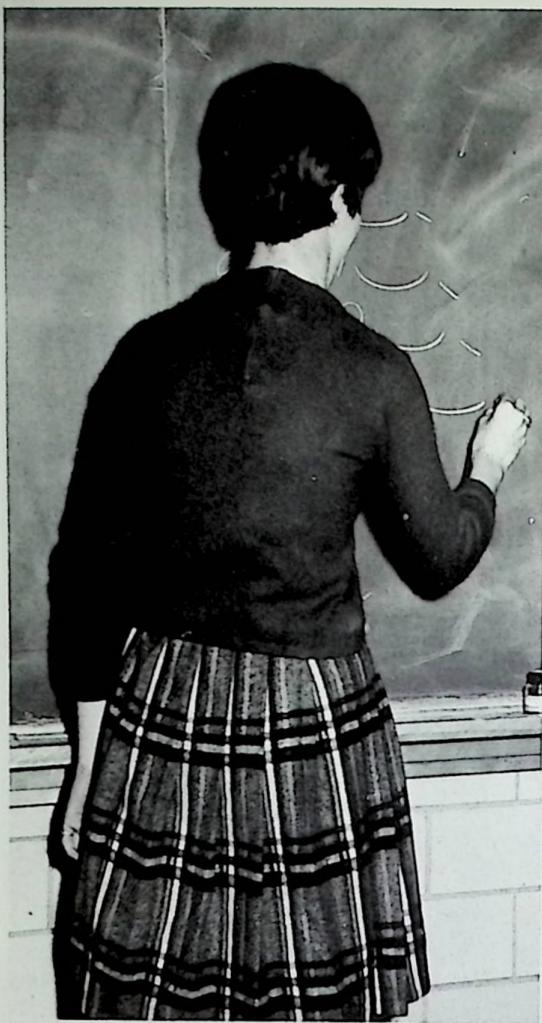

In biology, student teacher, Mrs. Elam, describes plant characteristics.

Courses are offered in both math and science for students who are taking general, commercial, or vocational curriculum. For those who plan to attend colleges or universities, more advanced courses are offered. Among these are biology, Chemistry, Physics, algebra, geometry, and trigonometry.

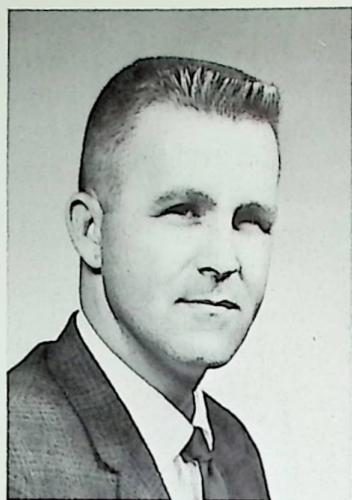

Modern math has been introduced to help students keep up with changing methods.

The distillation process is taught in chemistry by experiment.

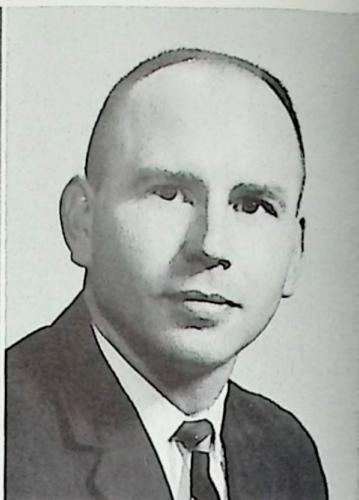

In shorthand the students strive for speed.

WILLIAM BOYER

DAN GILBERT

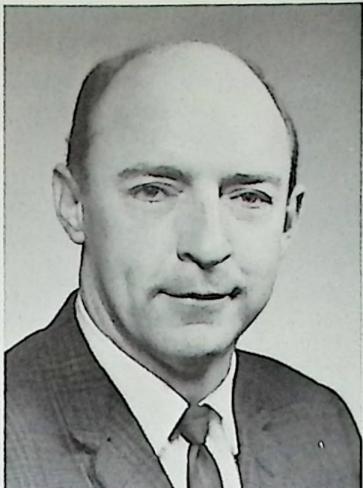

*Commercial Courses  
Promote Business  
Opportunities*

The students are taught the fundamentals of typing for personal and business use.

MERIAM HIBBITTS

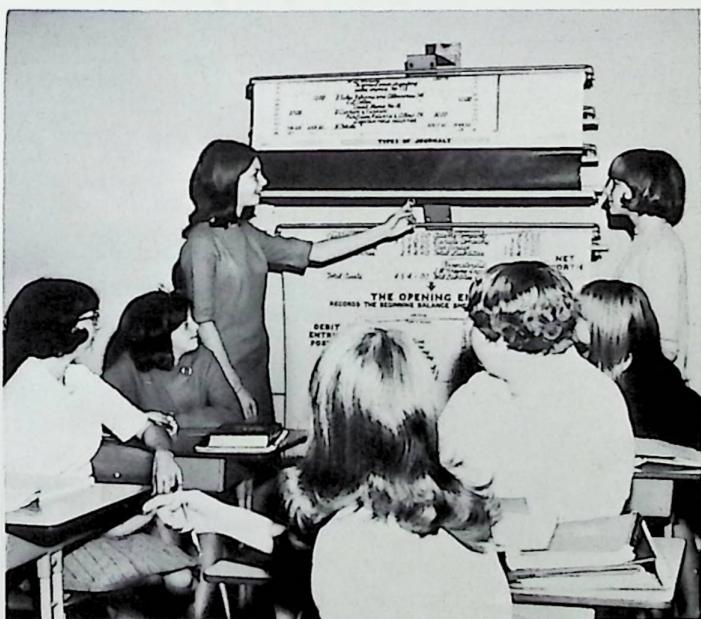

BILLY J. MARSHALL

The courses included in the commercial department are bookkeeping, general business, typing, shorthand, business English, business law and office practice.

Also, after school hours, a new course was offered which teaches the operation of office equipment and bookkeeping.

In addition, new equipment has been installed to give students actual practice toward future careers.

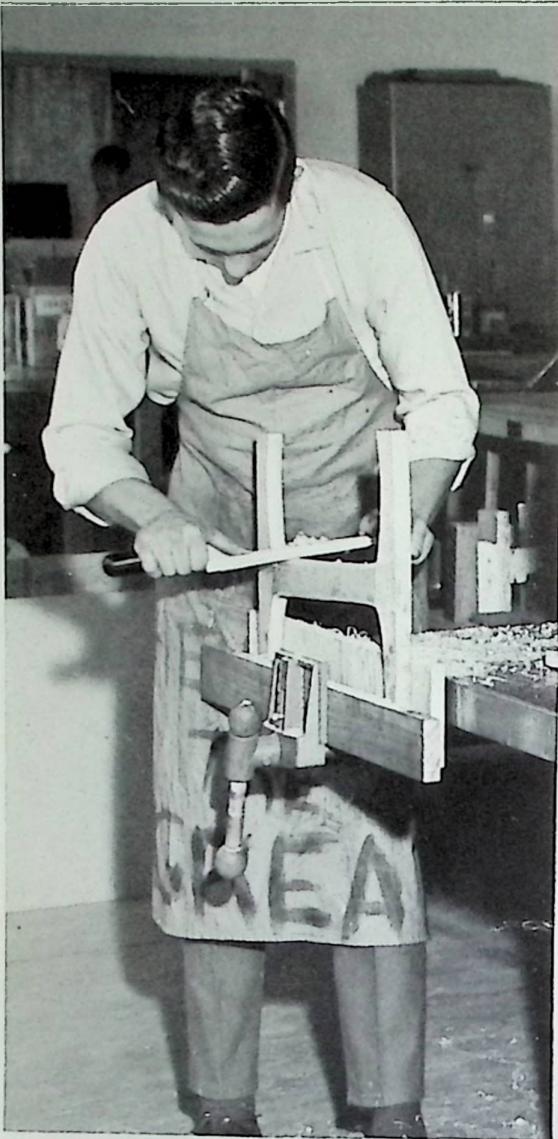

Charts help the bookkeeping students to gain a better understanding of business procedures.

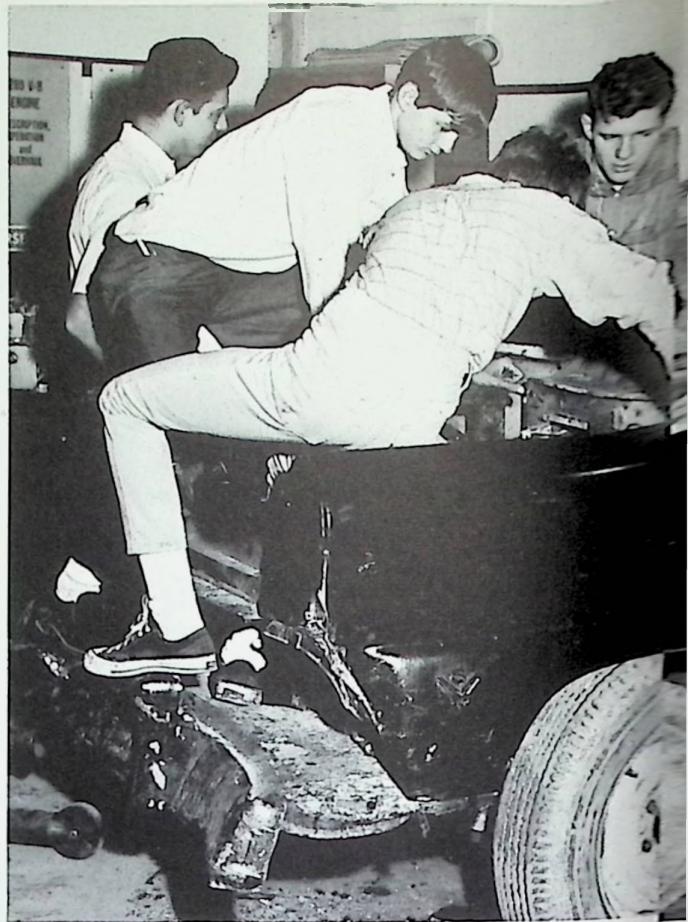

The listening lab is a feature of the commercial curriculum.

Students learn practical aspects of the business world through experience.

Creative imagination and technical knowledge in woodworking give boys a productive skill.

Working with old cars gives mechanical students practical experience.

## *Vocational Course Trades T*

A demonstration in cooking know-how is given to boys in family living.

ELMER BLEVINS

JOE JENKINS

MARGUERITE BROWN

GRACE SCHINDLER

## *Open New Students*

The Home Economics department strives to teach both girl and boy students the fundamental skills needed in preparing for their own homes. Many of them, however, will not stop there, but will go on to become dieticians, food consultants, and Home Economics teachers.

Creative ability is blended with manual training to make beautiful pieces of furniture. The operation and maintenance of cars are offered in auto mechanics and drivers' education. In both, students learn many things which will make them safer drivers.

Sewing and caring for clothes helps prepare girls for the responsibility of their own homes and families.

## *Library Club Promotes Literary Interest*

GLADYS MOYER

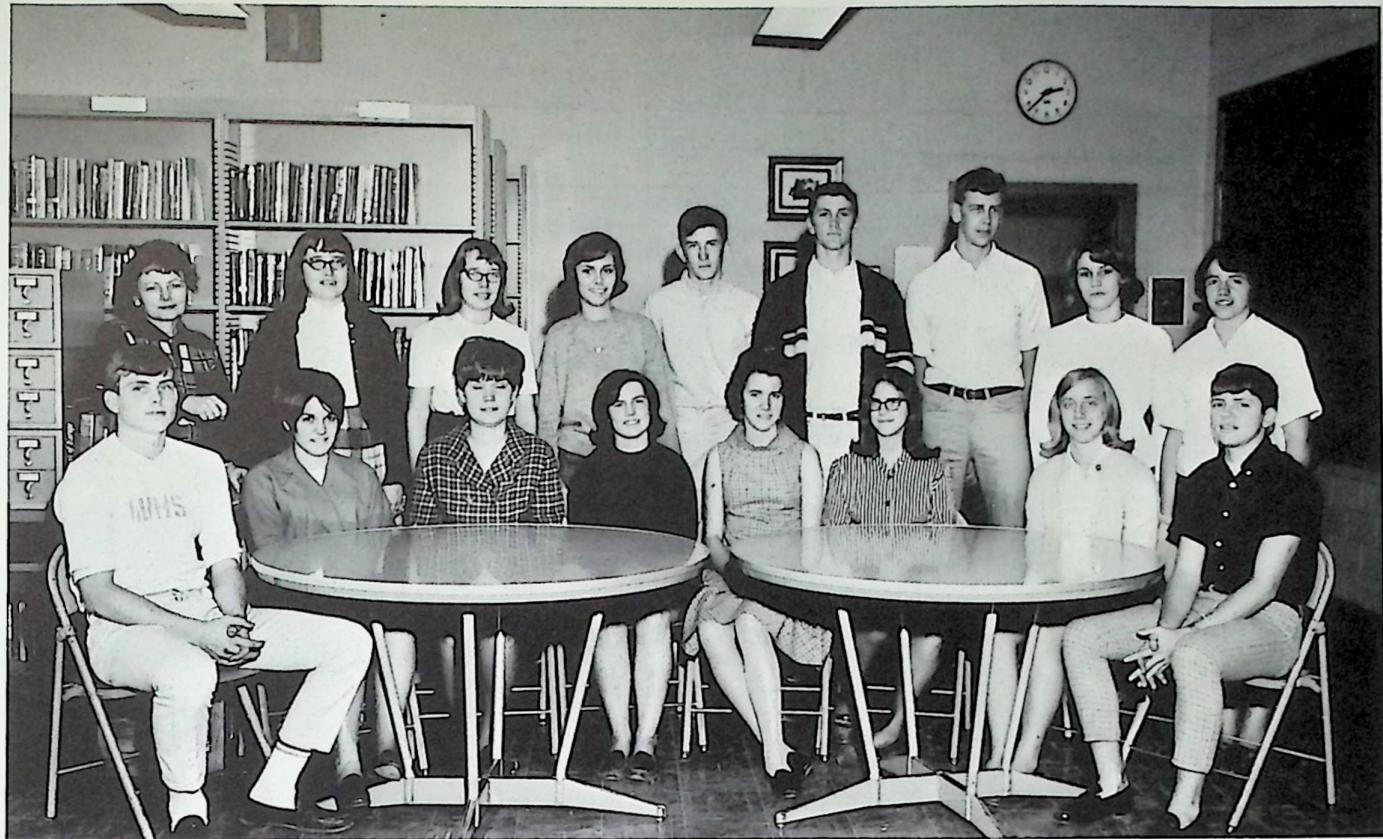

The librarians help the other students choose the books and reading material best suited for their needs.

Mrs. Moyer trains the librarians to use the card files and the Dewey Decimal System. Also, through their knowledge of the Readers' Guide, the librarians aid the students in finding periodicals for themes and current events reports.

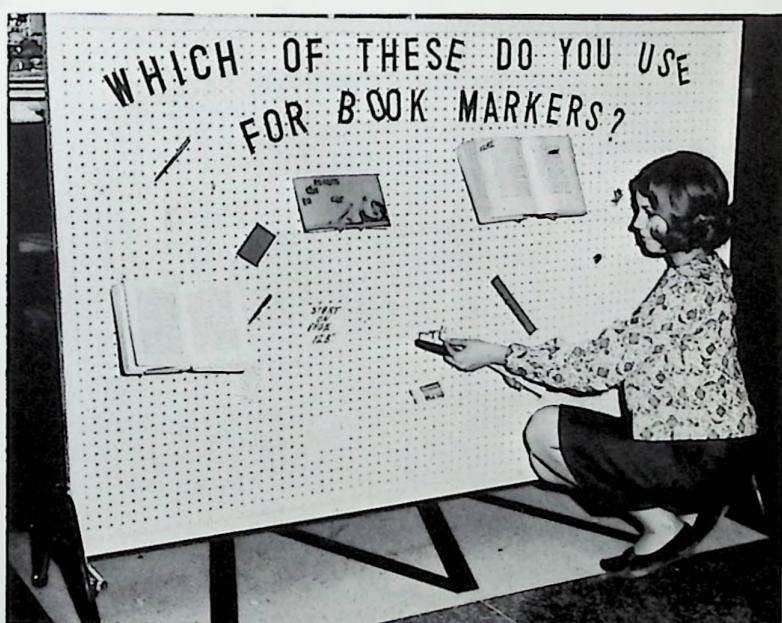

Since organization is another important factor in libraries, it is a duty of the student librarians to place the books in their proper order.

The librarians help the students to withdraw the books they have selected.

SEATED: Harold Mullins, Judy Lykins, Kathy Withers, Linda Toft, Deborah McDowell, Linda Bays, Karen Miller, Mike Townsend. STANDING: Mrs. Moyer, Ellen Lemon, Patricia McDowell, Shirley Bloomfield, Wayne Patton, Ron Thornton, Richard Green, Norma Otworth, Donna Payton.

The library club sponsored a bulletin board to encourage the proper care of books.

Students follow current events through their selection of magazines.

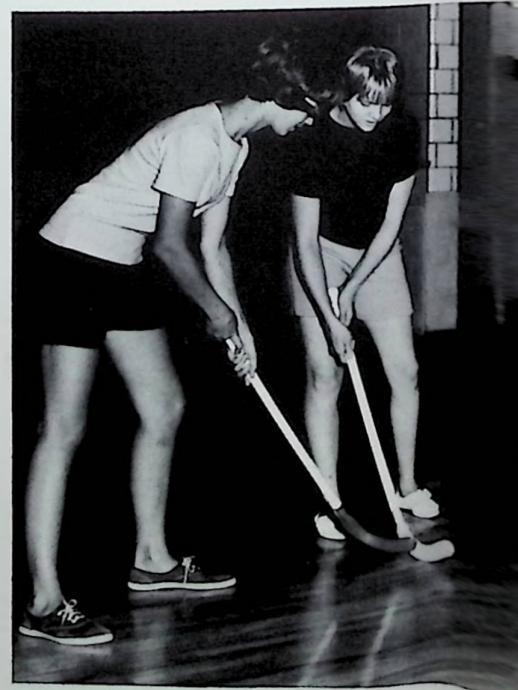

*Physica*  
*Up A Life*

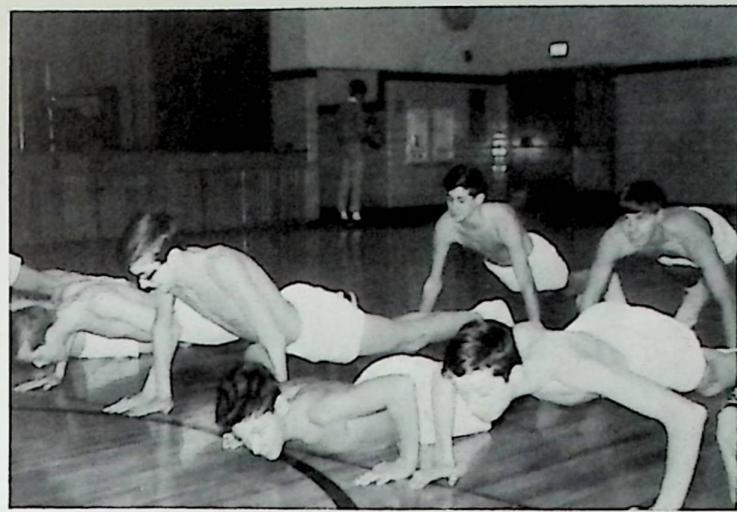

Freshmen look up to a sophomore who has learned to do pull-ups correctly.

JO SUE BURKHART

# *Education Sets Long Pattern*

Individual exercises prepare the students for team sports.

For all freshmen and sophomores physical education is a required subject. This helps to develop and coordinate young muscles.

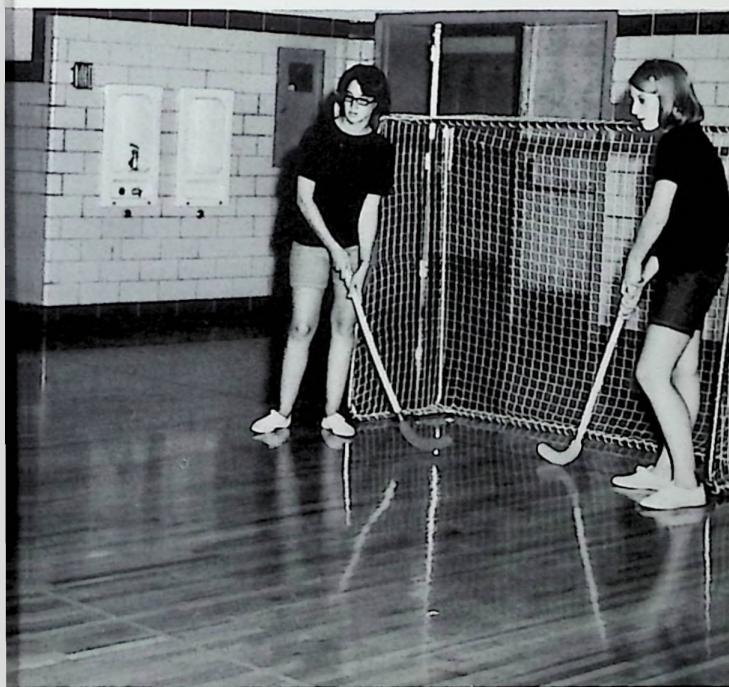

Besides individual exercises the students participate in team sports such as softball, hockey, volleyball and basketball.

Physical Fitness, a program designed by the government to strengthen the nation's youth, sets up a pattern which they can follow in later years.

HAROLD MULLINS

This year hockey was added to the list of physical education sports.

# Music Heighten

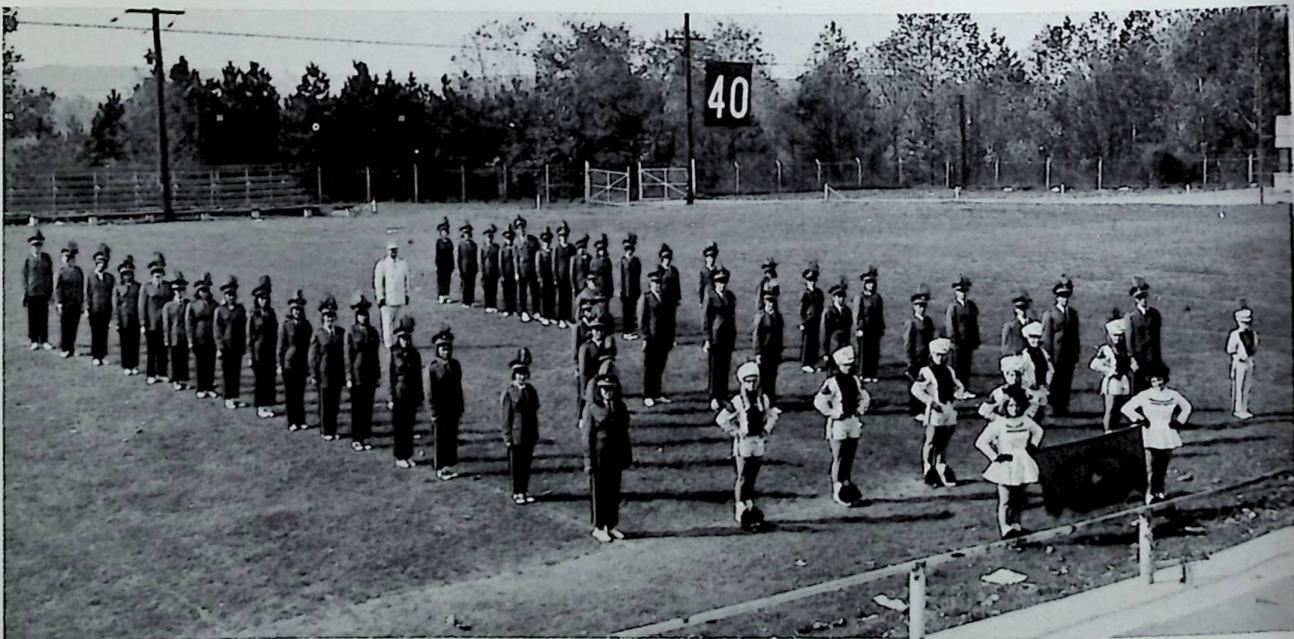

Members of the trumpet section work to improve their techniques.

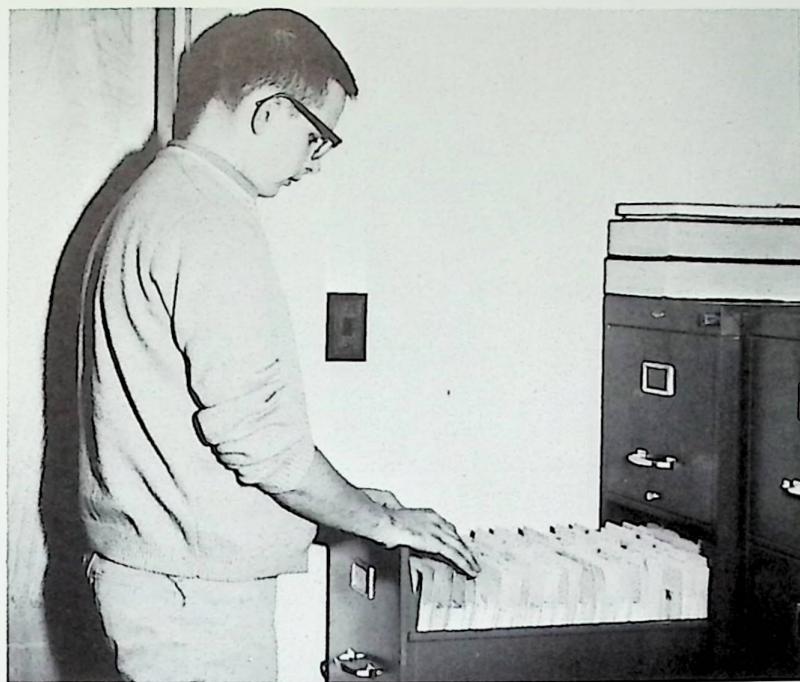

The vocal music department boasts of one hundred members this year, all of whom were kept busy singing not only for school functions such as chapel and baccalaureate but also for public concerts at Christmas and in the spring. Various members represented our school at the county music festival. The major project for the year was to finish paying for the organ in the gymnasium.

The marching band makes home football games more enjoyable with half-time shows which require much practice. The band also participated in area parades and brought back trophies to the school. The Pep Band was praised by everyone this year for its excellent playing during the basketball season.

The band spends many hours practicing marching formations.

## *Cultural Interests*

Roger Lewis classifies music in the vocal music files.

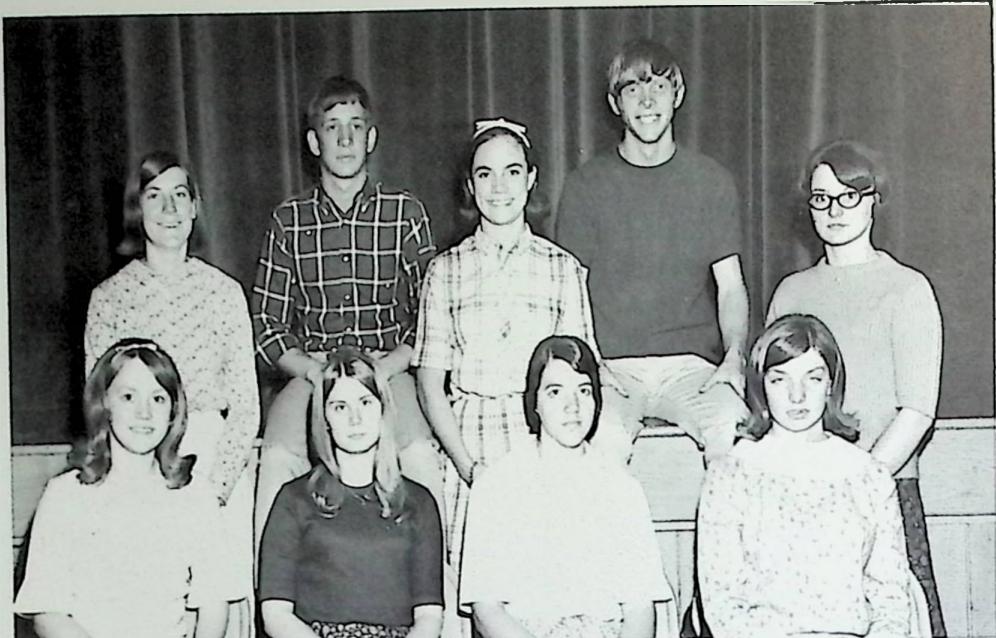

Students rehearse difficult passages with Mr. Harris.

As the underclassmen are preparing for the next school year, the seniors are anticipating their entrance into the world of adults.

The realization of graduation came to them as they ordered announcements and were fitted for caps and gowns. This alerted them to the necessity of completing their future plans.

Many plan to attend college while others will go to vocational school or obtain jobs. Some will marry and become homemakers. Whatever the graduates do, all realize what an important part Wheelersburg High has had in shaping their lives.

## *Scholastic And Extra-Curricula*

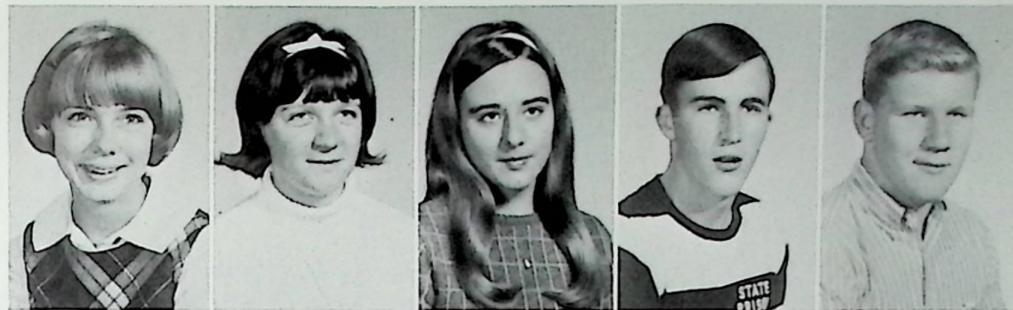

Even though studies are the really important thing of any school year, juniors have an additional responsibility - to raise money. The junior class became super salesmen this year. Among the items sold were ice-cream, doughnuts, detergents, and sweatshirts. In addition the class sponsored a cake walk at the PTA carnival, car washes, and a class play.

All of these efforts insured a beautiful prom in honor of the senior class.

Sophomores relax in the gymnasium.

The sophomore class was quite active this year trying to build up the treasury for the needed expenses of their junior year. Projects included a bake sale and the sponsorship of an after-game dance.

# Pirate Fans Enjoy Action Filled Season

TRI-CAPTAINS: Tim See, Ron Thornton, Dave Delabar

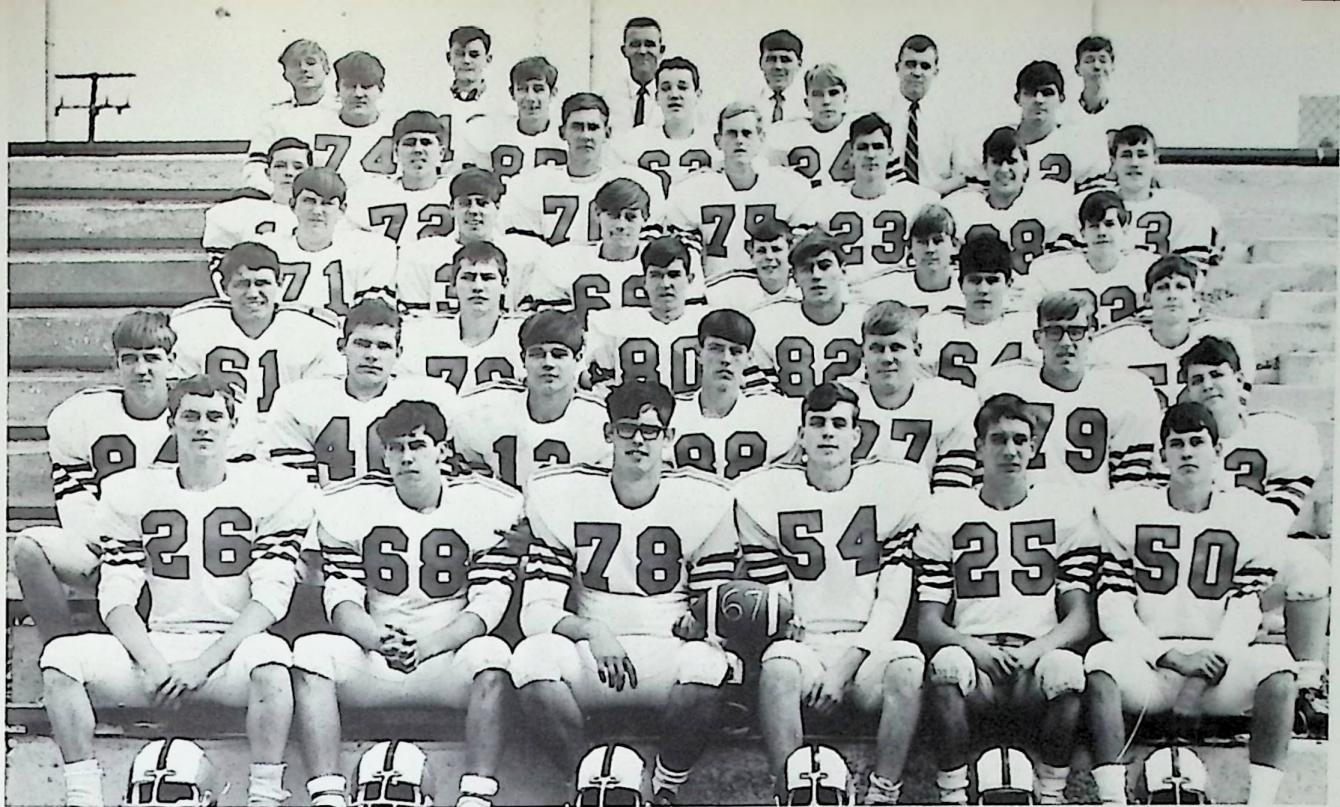

SENIOR PLAYERS: FRONT: Tim See, Phil Bond, Bill Elliot, Mike Scott, Sam Barney, Bruce Jolly. BACK: Ron Thornton, Steve Cooper, Barry Moore, Dave Delabar, Harold Mullins, Ken Welch.

The 1967 Football team practiced long hours and fought hard battles. The season, which ended with a 5-5 record, was filled with action and excitement generated by a determined team.

Pirate spirit was high in every contest as the fans cheered loudly and enthusiastically in support of the players. The favorite game of every fan was the one with Notre Dame, who went on to win the Class AA State Championship. Both teams scored six points in the second half as the Pirate offensive and defensive units battled against the Titans. Although we lost, the exciting game heightened the morale of the crowd.

Basketball season began with four straight victories as the 1968 varsity team fought to make it the best year yet.

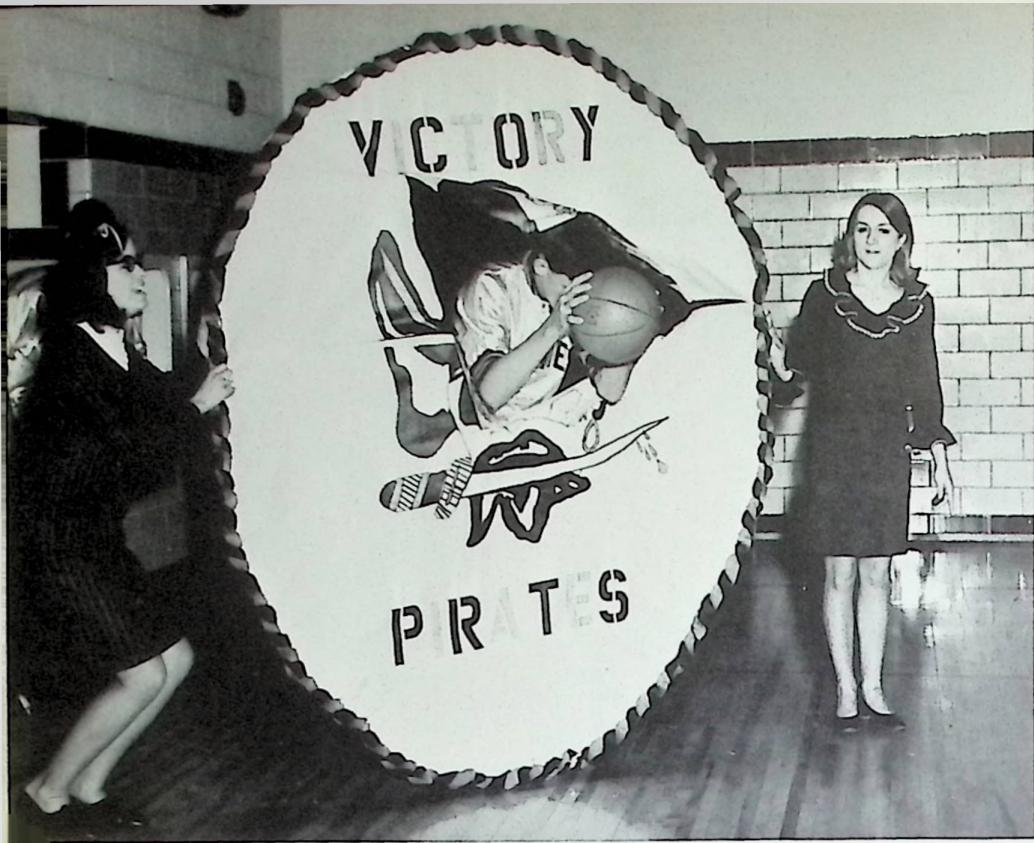

Team captains, Dave Fannin and Bobby Gullett, led the team in attaining a 13-5 record for the year.

Outstanding skill and team work by the boys characterized the entire season. Attendance at the games increased this year as fans came to see the many exciting games the team played. In the game against Portsmouth East, the Pirates broke a record by scoring 111 points against the Tartans.

The reserve team showed potential for future varsity squads. Its season record was 12 to 6.

MANAGERS: Pat Martin, Lee Thornton, Tim See.

## *Baseball Ends Season 11-7*

The baseball team got off to a fine start by winning their first game, and exhibiting in it the skill and teamwork with which they played every game. The new baseball diamond was completed, making our school proud to play host to other teams. The popularity of baseball increased again this year as more and more sports fans came to cheer our team on to victory. Larry Whitt was named most valuable player, and Darrell Pace was leading hitter with an average of .386. Pitchers for the season were Bill Bayless, Sam Barney, Jim Parsley, Rick Day, Darrell Pace.

MANAGERS: Randy Williams, Jim Darby

The Student Council acquired a student parking lot.

The bleachers were newly painted by the Student Council.

The Student Council sponsored some new ideas this year. Early in the year the council members worked hard painting the cheerblock section of the football bleachers with school colors. Later in the year the council was responsible for securing a new parking area.

At the holiday season they continued the annual custom of placing a decorated tree in the main entrance of the school.

Besides undertaking these achievements, the Student Council was continually kept busy organizing chapel services and special assemblies.

THE NATIONAL HONOR SOCIETY: Pam Smith, Jerry Portwood, Gwen Beekman, Teresa Tufts, vice-president; Joanne Bihl, treasurer; Deborah McDowell, secretary; Laura Weaver, president; Cathy Tipton.

## *Honor Society Works To Better Themselves*

The Honor Society prepares for their annual fund raising play.

In the fall the National Honor Society presented a one act comedy for the student body. The money earned was used by the group to honor the teachers, members of the school board, and representatives of the Business and Civic Club at a breakfast.

Later in the fall the group, accompanied by advisors, went to Columbus to see Holiday on Ice. One of the most enjoyable monthly meetings was a hay-ride followed by a weiner roast.

# Memories Of The

Pam Smith, co-editor; Sarah Harrison, advisor; Joanne Bihl, co-editor.

The Yearbook Staff created the 1968 Wheel by capturing the highlights of the 1967-1968 school year. They achieved this through training at Ohio University Publications Workshop and the Rio Grande Workshop.

At the start of the school year the cover design, print, and type of paper were selected for the annual. Throughout the year pictures were taken of the important events. These were placed in lay-outs, copy was written, and the final pages were shipped to the company for printing.

The long awaited arrival of yearbooks comes in the late summer.

## *Language Club Explores Foreign Culture*

A visitor from Germany talks with the members about his country.

The Language Club presented an assortment of programs this year to inform the French and Latin students not only about the languages which they study, but also of the customs and traditions of countries with different languages.

Meetings throughout the year included a visit by a German exchange student, a Christmas program, and a French dinner.

## *Careers In Education Begin With FTA*

The Wheelersburg Chapter of the Future Teachers of America welcomed a new sponsor this year, Mr. Douglas Ruth. Under his guidance the students in this club are given the opportunity to teach in the absence of faculty members in order to help prepare themselves for careers in education.

The club sold Christmas cards as a money raising project so that in the spring they would be able to tour the Ohio University campus in Athens and have a picnic at Lake Hope.

Opportunities to practice class instruction give members experience.

## *Today Students . . .*

A Mother-Daughter Banquet and a Christmas dance highlighted the year. Other activities were a visit to the Portsmouth Receiving Hospital, a hayride, and initiation of new members. The club sold Christmas candles to raise money.

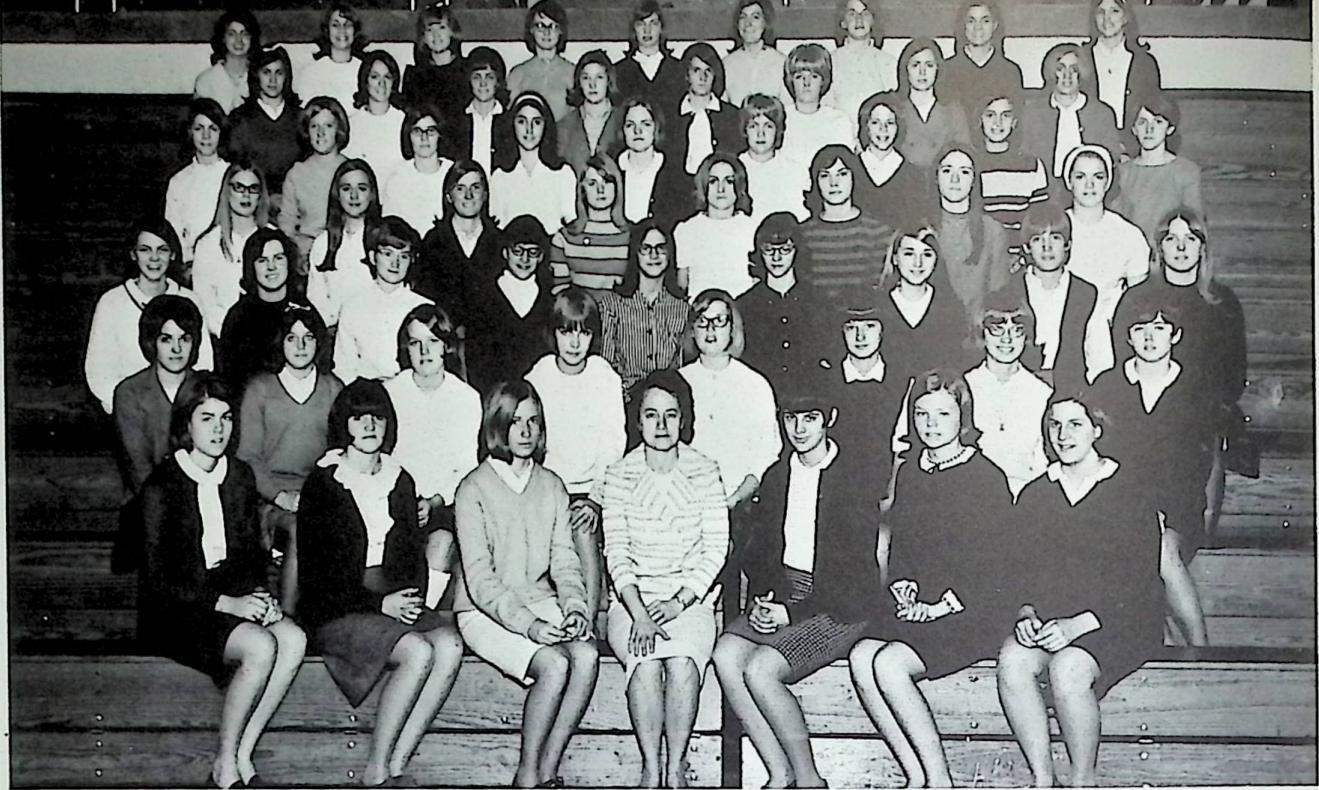

Mrs. Brown and Mrs. Schindler accompanied several members to Columbus where Ila Tennison received her State Homemaker Degree.

## *G.A.A. Builds Athletic Skills*

The Girls' Athletic Association lived up to its name this year by selecting teams from the four classes and playing them against each other in such sports as basketball and volleyball. The games, held after school, eliminated the teams one by one with the winning players of the final game receiving medals.

A jump ball is easily snatched out of the opponents' reach.

Fast movement and teamwork are needed for a winning score.

CHEERBLOCK ... a living symbol of school spirit.

## *Cheerblock Leads School In Pirate Spirit*

Cheerblock members are enthusiastic Pirate fans, who support the teams in all athletic sports. Full of spirit themselves, they work hard to pass on Pirate pride to every other student. At weekly meetings they practice cheers, yells, and skits, which they put into action at games and pep rallies.

Many times the cheerblock rented a bus, in which they rode to away games to urge on our teams. Whether at home or away, the presence of this club boosted the morale of both spectators and players.

Cheerblock skits add humor and spirit to pep rallies.

## *Seventeen Prizes Awarded At Regional Fair*

Science projects involve imagination, much planning, and a great deal of work, but ...

... the chance of winning grand award makes it all worthwhile.

All the members worked hard to make this one of the science club's most successful years. With the help of Mr. Bihl and Mr. Coriell, they researched and set up individual science projects, which were judged at the annual science fair at our school. Winning exhibitors then went to Athens where 5 projects received superior ratings. At the regional Science Fair held at Marshall University, where 52 schools participated, our school won thirty per-cent of all awards given including three firsts and the Girl's Grand Award in both Senior and Junior divisions.

## *Enjoyment Of Studies Increased Through Visual Aids*

Students who participate in Visual Aids give the faculty much assistance in classroom work. With their help, the teachers are able to visually illustrate parts of their lessons, giving greater variety to classroom work.

Visual Aids students are trained to operate movie and opaque projectors and tape recorders, while learning the proper maintenance of this equipment.

Sam and Greg prepare the projector for use in government class.

PTA OFFICERS: Mrs. John Kantz, Bob Evans, Mrs. Bob Dever, Bob Dever, and Mrs. Elbert Speckien.

FOOTBALL BOOSTER OFFICERS: Harry Matheny, Henry Bussler, and Al Boyer.

## *Booster Clubs Aid School Programs*

The booster clubs of our school play a vital part in extra curricular activities, as parents and citizens of the community join with students and teachers to combine good times with education.

The Parent-Teacher Association helps parents to understand what is being taught to their children. Annually it sponsors a gay carnival for the community at the elementary school.

Band Boosters help members of the high school and elementary bands in earning money to travel to parades and also to take special trips. These trips give the young musicians a chance to hear others more skilled in this art.

Our athletic program owes much to the football boosters who operate concession stands to supply the football team with money for uniforms and equipment. They also supply the cheerleaders with funds to meet expenses during the football season.

## *Cheerleaders And Majorettes Lead*

During basketball season the cheerleaders bring Pirate spirit to life.

With the help of the cheer block members, the varsity and reserve cheerleaders inspired the Pirates in attaining many thrilling victories in football and basketball this year. Their good sportsmanship and excellent spirit supported our team at all games.

They worked hard in presenting skits at pep assemblies and in making both of our homecomings successful.

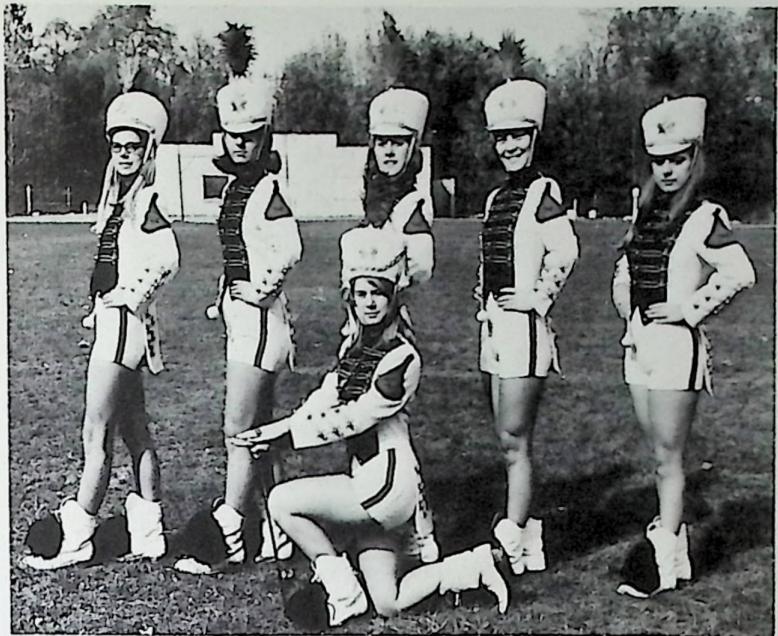

During the year money was raised to send the girls to camp, where last year they won first place in competition.

RESERVE CHEERLEADERS: Susie Hall, Vicki Pace, Kathy Parker. Pam Bloomer, behind.

Band performances could not have been complete without our majorettes to lead the various marches down the field. With the help of their advisor, Miss Rita Delabar, the girls turned out many exceptional routines at football and basketball games. They also led the students in singing the school song at pep assemblies.

Members will go to summer camp through money earned by selling of pins and pennants.

What happened to the poor detective?

When destitute comedians, Ambrose and Bert, come to Dead Man's Gulch, the trouble begins.

Pretending to be Homer the Kid, Ambrose boasted of his skills as a gun slinger.

## *Desperate Ambrose Brings The Wild West To Pirate Country*

To save Homer's life the girls agree to a four party shotgun wedding.

His appearance interfered with the sheriff and his gang of outlaws, so they tried to eliminate him.

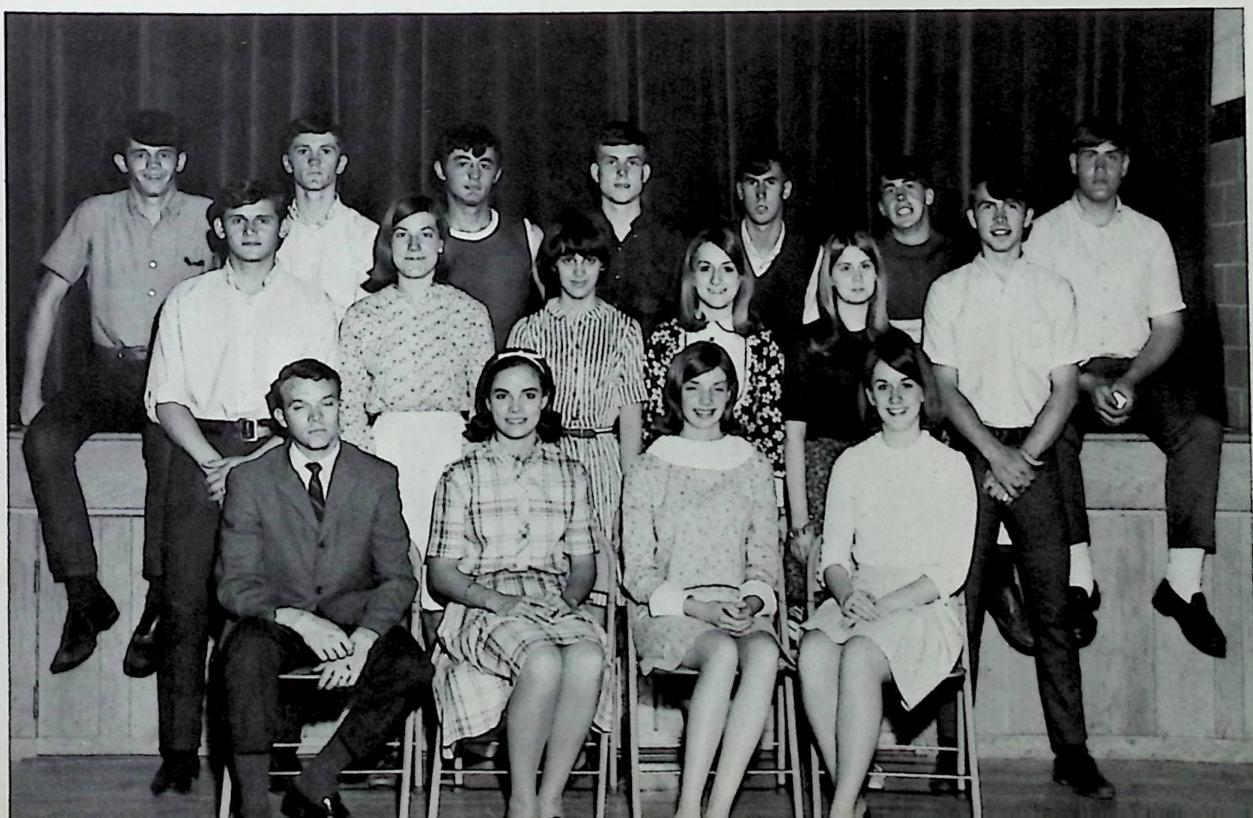

Posie had to do a lot of talking to get Dan'l's weary bones to the wedding . . .

but Sheriff Crandil was all too happy to accommodate.

The trouble began when a couple of comedians, Ambrose and Bert, are mistaken for famous outlaws. They decided to go through with their parts in order to court Ann and Nancy, two good-looking gals from the East. Ambrose stages a wedding to save his hide and just barely escapes with the help of the cunning Beth, a middle-aged cowgirl. But finally the outlaws are all captured; the heroes get their girls, and they all live "happily ever after."

In May the Juniors entertained the Seniors at the Elks City Club with the traditional prom. The main point of attraction was the stairway built in the center of the auditorium which literally led to the stars nestled in the ceiling. The band, Lovin' Kind, was from Ashland, Kentucky. Refreshments were served at intermission while the Seniors read their prophecy, wills, and history. Following the prom everyone assembled at the Rainbow Lanes where they enjoyed bowling, billiards, and food until the early hours.

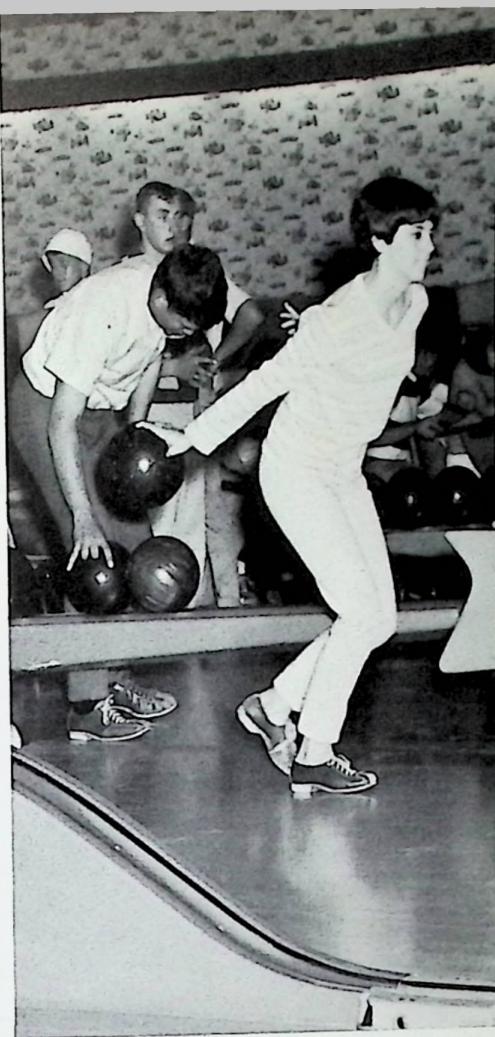

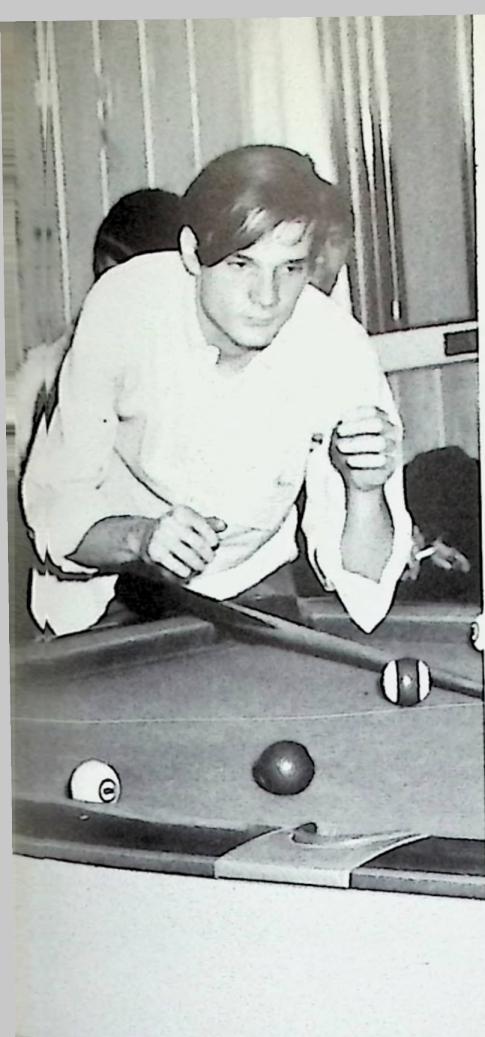

The school danced to the swinging beat of the LOVIN' KIND.

Salutatorian - PAM SMITH

Valedictorian - JOANNE BIHL

Graduation exercises began for the Class of 1968 on May 26, when Reverend Rolland Fierce delivered the Baccalaureate sermon. Excitement and tension mounted until the climax of the twelve years of school arrived on May 27th when the Commencement began. The seniors assembled for one last time and after listening to the Valedictorian and Salutatorian speeches, the class received their diplomas.

As the Commencement activities came to a close, the seniors, now as graduates, walked across the big "W" in the foyer of the high school for what may be the last time for many of them. Yet, they leave knowing that the lesson taught by their Alma Mater will always remain with them, but, now in the form of a memory.

Progress  
Is A  
"Two-Way  
Street"

THE GROWTH of any company depends, to a large degree, upon the community in which it is located and upon the attitude of the citizens of that community. For it is from that community and from those citizens that a company must gain strength, build its work force and develop its future. Thus, the more understanding the community is toward its industry and its problems, the more cooperative and loyal the citizens who comprise its work force, the better the company's chances for continued growth and expansion.

ON THE OTHER HAND, the growth of any community and the development of a bright future for its citizens depend equally as much upon the day-in-day-out successful, profitable operation of its industry. For from that industry stem jobs and paychecks today, employment opportunities for tomorrow, local purchases, community service contributions and vitally essential tax dollars.

OBVIOUSLY, THEN, the growth of a community and the growth of industries within that community are inseparably bound together, one dependent upon the other. And progress becomes a "two-way street".

LOOKING BACK, Detroit Steel is proud of the contributions it has made to the betterment of the Greater Portsmouth community and to the benefit of the citizens as it has pursued an unbroken 15-year course of growth and expansion . . . over \$150,000,000 invested to provide one of the most modern, competitive steel mills in the U. S. . . and an annual employee payroll that is currently running around \$24,000,000.

THE ANNUAL STAFF WOULD LIKE TO THANK THOSE  
 BUSINESSES AND PATRONS WHO HAVE HELPED SUPPORT OUR  
 YEARBOOK. WITHOUT THEIR HELP WE COULD NOT HAVE  
 BROUGHT THIS BOOK TO YOU, AND WE ENCOURAGE YOU  
 READERS TO PATRONIZE THEM.

## *In Memoriam*

As we come to the end of our book, we pause to  
mourn the loss of two of our students.

Joanne Haney, a member of the class of 1968,  
passed away at the end of her Junior year.

Although not a member of the graduating class,  
Linda Underwood was one of the tragic victims during  
the tornado that hit our community in April.

They are gone, but memories of them are with us.

JOANNE HANEY

"Only a moment; a moment of  
strength, of romance, of glamour--  
of youth! ... A flick of sunshine  
upon a strange shore, the time to  
remember, the time for a sigh, and  
--goodbye!--Night--Goodbye!"

Joseph Conrad
