A  
Tribute  
to  
Our  
Coach

To "Skinny," who has the ability to work with students in perfect harmony, and to inspire in those that know him something of his own cheerful philosophy, the Senior Class dedicate this book.

Since he has been coach at Wheelersburg the basketball teams have gained the respect of the community and state alike.

As adviser of our class he has guided and directed our activities, making our senior year pleasant and memorable.

The final criterion of his character can have no better source than the basketball boys with whom he was so closely associated. Their universal admiration for him is sufficient proof that we were justified in dedicating this year's Wheel to him.

"The fellow that's loyal and true,  
The one who is fair, and he's built on the square  
A genuine man through and through."

To you, Mr. Preston, our adviser and friend, we the Class of 1946 dedicate our yearbook.

## PERFECTION

"The Master was paintng a picture and we children were ranged all about.  
Entranced by the charm of his colors and the way he was working it out;  
And we'd run every morn to discover some beautiful touch which was new,  
And we'd talk and we'd dream and we'd wonder just what he intended to do.  
The Master spoke little while working but oft as he heard us he'd smile,  
Though we begged him to tell about it, he'd answer: "You'll know in a while."  
But one morning he put down his brushes, and then with a turn of his head  
To our grief and our great consternation: "The picture is finished," he said.  
"Oh, Master," we begged and implored him, "don't put all your brushes away.  
Please paint something more on the canvas, paint on to the end of the day.  
Paint more, for we're eager to watch you, paint on for we love it so much."  
"It is perfect, my dears," said the Master, "I should spoil it by adding one touch."  
So with us God is painting a picture, and little we know of His plan,  
We look at the lad whom we cherish and are eager to see him a man,  
But God knows the soul He is shaping, and though for more time He's beseeched,  
He hurts us beyond understanding, but He stops when perfection is reached."

## PEARL G. SMITH

For the past three years Mr. Smith has served as Supervising Principal of Wheelersburg High School. In that period of time Wheelersburg has gone forward in all phases of education. The school has maintained the high standards of scholarship for which Wheelersburg has always stood. The spirit of the school, the general attitude of friendliness and cooperation, and the excellent sportsmanship point to the fact that Wheelersburg has been fortunate in having Mr. Smith as principal.

The high school supervisor, Mr. L. L. Louthian, in his annual visit to our high school rated our school superior in administration and instruction. We are grateful to Mr. Smith for his service in helping Wheelersburg to attain this rating.

Mr. Smith graduated from Ohio University, Athens, in 1934, majoring in mathematics and educational theory. He was granted his Masters Degree from the University of Cincinnati, with a major in school administration and school supervision.

Mr. Smith is a member of the Phi Delta Kappa National Honorary Fraternity.

## J. DONALD McCOWEN

For the past two years Mr. McCowen has served as assistant to Mr. Smith. His work included certain office and administrative duties which gave Mr. Smith more time for supervision. However, Mr. McCowen still retained his full teaching load and also sponsored several extra-curricular activities.

Mr. McCowen graduated from Ohio University, Athens, Ohio. He has done graduate work at Ohio University and Ohio State University majoring in administration and supervision. He will receive his Masters Degree soon.

Mr. McCowen's practical application of subject material has rated him with us as an excellent teacher. His willingness to listen to our problems and suggest probable solutions for them has rated him as understanding. We believe he is truly a friend to the students of Wheelersburg High School.

*Back row:* E. R. McCowen, County Superintendent; George W. Smith, J. Harper Preston, G. Smith.

*First row:* Fred Pollock, Vice President; R. L. May, President; Carl Herms, Clerk.

## BOARD OF EDUCATION

### EDWARD R. McCOWEN

#### *County Superintendent of Schools*

Mr. Edward R. McCowen resumed his duties as County Superintendent the first of the year. For the past two years he has served with the U. S. Navy in the Caribbean area. Wheelersburg welcomes Mr. McCowen home.

Mr. McCowen began his work as Assistant County Superintendent and supervisor of music and English in 1940. With the entrance of his father Mr. E. O. McCowen into Congress he became County Superintendent.

His experiences in all phases of the educational process from the elementary through the secondary level provide him with an excellent background and knowledge of the entire county school system.

# INTRODUCING FEATURES

## THE CHRISTMAS STORY

This Christmas the annual Christmas program was presented under the direction of Mrs. Thompson, assisted by the teachers of the upper building. The music was conducted by Mrs. McGowan. It was a most impressive and inspiring program, giving the story of the birth of Jesus. Over one hundred carolers supplied the background for the story. We are truly grateful to the children who participated in this program and to those teachers who made it possible.

*1st row:* Velma Gleim, Janice McDaniels, Doris Ross, Helen Montavon, Wilda Hammond, Wilma Hammond, Delores Colegrove, Patty Smith, Wells Smith, Bob Simon, Virginia Watts.

*2nd row:* Lois Thompson, Betty Pollock, Mary Van Horn, Jane McLeod, Joleane Mauck, Kathleen Gleim, Norma Montavon, Kathleen Williams, Anna Thielen, Janet Turner.

*3rd row:* Royal Fritz, Jack Sommer, John Sherman, Norman Reiter, Joe Merrill, Don Justice, Forrest Colegrove, Paul Ishmael.

## SCHOLARSHIP TEAM

Do you need any help on your English—maybe it's in Math you need assistance? Anyway these are the ones who know all the answers. They are the ones who had an average semester grade in each subject above ninety per cent! And is W.H.S. proud of them? You can bet we are! They are tops to us. Bringing honor to our school through a high scholastic standing is really commendable. From this group will be selected in most cases those who will represent Wheelersburg in the state scholarship tests given in April. We know they will again hold high the torch of learning and once again W.H.S. will be at the top.

*Seated:* Mary Ann Ketter, Jane Lyon.

*Second Row:* Norma Montavon, Gwendolyn Hansgen, Ada Barber, Adah Harper, Alma Harper, Willa Staggs, Dolores Thompson, Marie Booth, Miss Shela.

*Third Row:* Mr. See, Jim Lambert, Karl Kinker, Harold Lawson, Forest Turner.

# THE VISION IN ROOM 39

It was April twenty-second,  
And the sunny outdoors beckoned  
To the drowsy, dull-eyed students  
At their desks in thirty-nine.  
Though the silence was unbroken  
By a word in loudness spoken,  
Yet the buzzing sound of whispers  
Did ambition undermine.

There I sat, no thought disturbing,  
No suggestion I be curbing  
Any idleness that seems to  
Come to everyone, I'm told.  
Eyelids closing, I was dozing,  
Into arms of sleep reposing,  
Head I dropped upon the table  
And this vision did behold.

Near the place where I was standing  
Was a group of people banding.  
As they neared I saw that they  
Were quite unlike the common sort.  
For their costumes and their faces  
Came from other times and places,  
And the feeling that their hearts were cold  
Their looks did well support.

For in all this congregation  
There was found no intimation  
Of a friendly soul to whom the  
Title "gentle" might apply.  
But I looked and was astounded;  
And my wonder was unbounded,  
As I saw the teardrops falling  
Blandly from each half-closed eye.

Up I spoke in anxious query,  
"Why is it that you're so dreary?  
For it seems that all compassion  
You would hold in calm disdain."  
"Truly sir," the crowd responded,  
"We have only now absconded  
To this lonely hiding place to try  
To hold our tears in vain."

"We have just come back from viewing  
Things that are our hearts subduing.  
Where have we been? We've just returned  
From Wheelersburg High School.  
We've seen the poor, mistreated, students  
Being punished without prudence,  
And their calm, angelic conduct  
Being held in ridicule."

Eyebrows raised, I listened closely.  
Then the crowd grew dim and ghostly,  
And left standing in the foreground  
Two tall men in strange attire.  
One spoke, saying, "We were pirates  
Whose deeds brought a wealth of 'tut-tuts'  
From some men, while others spoke  
Of us in tones of greater ire."

"For we tortured friends and foes,  
Hanging them by thumbs or toes.  
And we made our captives leap  
Into the shark-infested seas.  
Against our kin we did conspire,  
Set their barns and homes afire.  
Never pity stirred our hearts  
As we listened to their pleas."

"Only once in all these years  
Have our eyes been dimmed with tears.  
It was at the school of Wheelersburg  
From where we've just returned.  
We have seen the teachers making  
Rules the pupils can't help breaking,  
And then punish them with drastic steps  
When these mandates they spurned."

Upon the pirates cold mist closed,  
And my vision was transposed  
To a dark-haired, cold-eyed lady  
Who stood plainly in my view.  
She said, proudly, "I have gained,  
And by working have maintained  
A high position in our group;  
Just how, I shall reveal to you."

"I have lived most all my life  
A childless and a widowed wife;  
For my husband dear I poisoned,  
And my children I did drown.  
Both these deeds I did with ardour;  
I was stoic as a martyr;  
For my heartlessness and apathy  
Were known throughout the town."

"But when I saw the pupils' plight  
At Wheelersburg, I cried outright.  
I'll never be the same again  
Since that enlightened day."  
The sudden ringing of the bell  
Did wake me and my dream dispel.  
I'd like to hear, some other time  
Just what the others had to say."

# TIME FOR ENGLISH

These are our classes—in this section of our annual we have tried to give a brief review of Wheelersburg at school. We do study—you know! We write complete sentences, solve problems of a difficult nature, we know our Constitution of the U. S.—partly, we set up experiments, we sing, we play, we work. Here is W.H.S. at school.

# RESEARCH AND STUDY

So you have seen W.H.S. at school. We're proud of our school, of our classes and of our community. We are working now for scholarship tests, for final exams, class plays and then the end—graduation. We'll always look back to the good old high school days and W.H.S.

To those senior varsity players, Gene Bennett, Leslie Cramer, Ray Conley, Wilbur Mauk, Lowell Staker, and David Craycraft, we express sincere congratulations on your many brilliant victories. May your life be as full of successes and victories as your career as a W.H.S. varsity basketball player has been. We'll really miss you!

## FRESHMAN BASKETBALL

The Freshmen basketball team certainly entertained the fans in several hotly contested preliminary games this year. Of course, they lived up to true Wheelersburg tradition and brought home most of the victories. They certainly didn't let down—not on your life! We're counting on them too. Three years from now we'll be seeing them play varsity ball and, of course, they'll probably be living up to all the mighty pirates of their ancestry, and they'll still be the victorious Pirates. Freshmen on to victory!

## BASEBALL

Spring is here—basketball season is over. Get out the bats, get out the gloves, and come along with us. We'll take you out to the ball game—buy you some peanuts and cracker jacks and show you a real game of ball. Now watch—see that Bennett wind up! What a pitcher! The game is on.

Although we were a little late in getting started on our baseball career this year, we at Wheelersburg have thoroughly enjoyed baseball. The Pirates fought hard, showing the same spirit that has made them famous.

To the ball team we offer our congratulations. Defeat or victory, you were in there for the love of the game. You were great sports.

# STUDENT COUNCIL

I am an American! I live in southern Ohio. I attend Wheelersburg High School. Oh, yes, I know I'm just an average high school boy. There are thousands of them all over the United States. My name is John Sommer—not an unheard name, just American—that's all. By the way there are probably thousands of Johns also, but I bet there's not a one who goes to as "swell" a high school and knows as nice a "gang" as I do. This year I was elected president of the student council. Golly, I was happy that day. I don't know if I could tell you the way I felt or not. There is just something in knowing that the old class is for you, that you can get just as far in America as you really want to, and there's one thing now—I do want to get to the top. But anyway, that election day was a great day and to all of you, my fellow classmates, who helped in electing me, I thank you. When all the election returns were in I found that I had one grand group with which to work. They were an ambitious, eager, fun loving group with plenty of school spirit and an obsession for good government. I guess I'll always remember this year, I certainly couldn't forget, not with the experiences I've had with public opinion, business and administrative problems, trying to get laws passed for the good of all. No, I'll not forget—and when I get to the White House I'll be thanking and blessing you all for giving me the experiences that shall make me the success I shall be.

## SIGMA TAU PI

The Sigma Tau Pi is an exclusive organization for senior girls who are enrolled in at least one commercial subject. The purpose of this club is to promote scholastic and social activities among the girls. An athletic banquet has been planned and other social functions are scheduled for the future.

Miss Shepherd, who organized this club two years ago, is the present sponsor. She has been a very capable leader and has advised the girls concerning the publication of their newspaper, their carnival booth, their Christmas party and in their many other activities.

# NEWSPAPER STAFF

Extra, extra, read all about it—Wheelersburg High School issues "Kampus Kapers." If it's the latest in school news, the up to the minute in interesting facts about the old classmates, why then it's "Kampus Kapers" again off the press—or should I say mimeograph?

The issues of the paper this year have really been good. They have been highlighted by excellent editorials which have really been inspiring. The W. H. S. news has been written up into most interesting columns. The interest among all students in all grades was very great. Whenever an issue went on sale we found just as many under classmen reading the news as there were seniors.

So remember if you're strictly up on current events, you'll be a regular subscriber to "Kampus Kapers."

## SAFETY PATROL

The Safety Patrol was formed at the beginning of the year at the request of Mr. Smith. This club has been active for several years, and it has a fine record for the prevention of accidents to any of the students. The boys in the Safety Patrol have been working regularly at noon and after school, in all kinds of weather, to protect the smaller children at the crossing of the highway in front of the school. These boys work in pairs, and change shifts every two weeks. During the basketball season the members of this Patrol guarded the exits of the gymnasium. At other school affairs they have served capably in the roles of patrolmen and announcers. The captain selected this year was the capable and talented Karl Kinker. He is an inspiration to the other boys through the energetic example he sets for them.

# G. A. A.

The title "Girls' Athletic Association" seems to be a very stiff and sophisticated name for the friendly group of girls who often meet in the school gym for sports and games of friendly competition.

Meetings have been planned at different times and activities, both athletic and social, have been enjoyed. Basketball has been the most popular sport with the girls this year and they have been improving their skill at shooting baskets by practicing after school. Teams were chosen and there have been several games that would have caused anyone to perch on the edge of his chair in excitement.

One of the annual events of the G. A. A. is a Senior Tea designed to give the other members an opportunity to show their appreciation to the girls who will leave the club at the end of the year.

Miss Distel has been a very attentive sponsor of this club and has endeavored to instruct the girls not only in athletics but in the art of getting along with other girls regardless of age or creed.

All in all, the Girls' Athletic Association has done much this year to promote sportsmanship and to bring the "good neighbor" policy closer to W. H. S.

## SCIENCE CLUB

Mr. McCowen formed the Science Club this year. The hearty response with which the students have accepted the call for membership shows that they welcome an opportunity to increase their knowledge of all the sciences. Beginning with an enrollment of 24 students, the club has almost tripled in the short time it has been in operation. The group is composed of all students of freshmen science who are interested in performing interesting educational experiments. Each member must promise to perform and explain at least one experiment for the benefit of the class. A large project file has been gradually built up until they have five hundred problems covering the fields of physics, chemistry, electricity, and radio. This project file is a great help to both the students and teacher in finding a variety of interesting ways to present and explain their experiments. Mr. McCowen acts only as the supervisor at the club meetings, and the students do their own thinking and working. It is to be hoped that this club will increase in size in the next few years, and thus personalize and revitalize science.

## MATH CLUB

Do you remember Archimedes? And certainly you couldn't forget Pythagoras and his Pythagorean Theorem—you know, the square on the hypotenuse. Or maybe it's Lise Meitner and atomic power. But thinking again—maybe you could forget them with certain genii of great mathematical ability around Wheelersburg. Who could remember Einstein when we have our own capable John Sherman and Richard Harner? There is Forrest Colegrove who will probably carry on the work of Thomas Edison. I wonder too, if Norman Reiter and Harold Lawson will not be the foremost names in the practical use of atomic power. Jim Lambert and Karl Kinker—maybe I shouldn't tell—they're collaborating on a new solid geometry textbook, setting up proofs after the heart of a high school student. We also hear that Mr. See, John Miller, and Dave Thornton have been asked to continue their research at the institute of higher learning at Wheelersburg. So you see whenever you think of great minds in this mathematical atomic age, think of our W. H. S. Math Club—then think again!

## BOOSTER CLUB

Go ye Pirates, go ye Pirates, go—go—go. Win ye Pirates, win ye Pirates, win—win—win. If school spirit and enthusiasm means anything at all in the winning of basketball games, then this group of basketball boosters really deserve commendation and praise. The splendid way in which they have backed the team this year has certainly been an incentive sending our boys on to victory. The club was organized under the direction of Miss Shepherd who has capably and efficiently directed their activities through the year. Booster buses have gone to almost all the away from home games. W. H. S. is back of their team!

The good sportsmanship taught in this club was impressed on all the community at our tournament games. And it isn't just kidding when we say for first-class basketball and high-ranking sportsmanship stop in at Wheelersburg High School!

## VARSITY W CLUB

The Varsity W Club was begun five years ago, and has been active ever since. This year it was formed under the faculty supervision of Mr. Preston and Mr. See. The main purpose of this club is to give more recognition to the varsity members of our basketball team, and to form the basic instrument for a better and more complete understanding among the players themselves. There are two qualifications for membership in this group. Each boy must have had a year of varsity experience, and be active in sports during the season which he is a member. Basketball managers and scorekeepers are also eligible.

## MIXED CHORUS

This year Wheelersburg High School has really had a variety of music classes. The Mixed Chorus, the Senior Chorus and the Freshmen Chorus have greatly added to the music appreciation of the entire student body.

Under the direction of Mrs. McGowan, the Mixed Chorus was organized this year with about eighty students enrolled. A Christmas program was planned but because of inclement weather it was canceled. This chorus is divided into several different quartets and ensembles which sing at various clubs in the community. Librarians for the Mixed Chorus are Jane Lyon and Wilbur Mauk.

The Senior Chorus was organized for the benefit of the seniors who wished to enroll in a vocal music class. The regular Mixed Chorus interfered with several senior classes and made it impossible for many to attend. Music of the greater composers has been the theme for most of the activities of the Chorus.

The Freshmen Chorus is the ninth grade version of the Mixed Chorus. It also is under the direction of Mr. McGowan who is doing a fine job of preparing the members for their entrance into the regular Glee Club.

"In the Spring a fuller crimson comes upon  
the robin's breast;  
In the Spring the wanton lapwing gets him-  
self another crest;

In the Spring a livelier iris changes on  
the burnish'd dove;  
In the Spring; a young man's fancy lightly  
turns to thoughts of love."
